Monrovia Nursery Co.

P. O. BOX 196 MONROVIA, CALIF. PHONE ELLIOTT 8-1888

Please, Read Before Ordering!

TERMS—While our regular terms are cash, we will be pleased to make credit arrangements with established concerns. Open accounts are payable on or before the 10th of the month following date of delivery. Overdue accounts are subject to 1% monthly interest charge and sight draft. No discount will be allowed as it is our policy to maintain attractive prices consistent with high quality stock. The issuance of this catalog automatically cancels all previous quotations. It is understood that all orders accepted are subject to availability of stock at the time of delivery.

CLAIMS—Claims must be made immediately upon receipt of goods. If an error has been made by us, please notify us promptly, and we shall take pleasure in adjusting the matter. We do not guarantee plants to live. At no time will we be responsible for more than the purchase price of the stock ordered.

We carefully pack all stock, and make every effort to secure prompt and careful handling by the transportation company. However, our responsibility ceases upon delivery of stock in good condition to the transportation company. Claims for damage or delay in transit should be filed with the transportation company. In this connection we shall be glad to assist you in any way we can.

WE ARE A PINK TICKET NURSERY—It certifies that stock from which shipment is made has been found free of pests not of general distribution in Los Angeles County and is released for planting in said county without further inspection.

ACKNOWLEDGEMENT—Your orders will be acknowledged promptly and shipments made as quickly as possible, so if your order is not acknowledged please advise us immediately. Sometimes, because of inclement weather, or the press of business, there may be a slight delay in shipping, but we assure you that this will not be more than is absolutely necessary.

NON-WARRANTY—The Monrovia Nursery Company will exercise care to have all plants true to name. Nevertheless, it is understood that should any plant prove otherwise, we shall not be liable for any sum greater than paid for such plants as may prove untrue. If the purchaser does not accept the goods on these terms, they are to be returned at once.

VISIT OUR NURSERY—The latch string is always out at Monrovia Nursery Company. We'll be delighted to have you visit us at any time. A postcard or phone call in advance and we'll meet you at any local terminal.

WHOLESALE ONLY

This list is intended for the trade only. If it should be sent by mistake to people not entitled to trade prices, we would greatly appreciate if you would notify us at once, so that our mailing list can be corrected.

MINIMUM QUANTITIES

Please do not order less than the following quantities of any one variety:

- 25 in 2" lining out stock
- 25 in 3" lining out stock
- 10 in 1-gallon containers
- 5 in 5-gallon containers

QUANTITY DISCOUNTS

1000 Plants.....	10%
500 Plants.....	5%

These discounts apply if the following requirements are met:

1. All plants must be of one variety.
2. All plants must be of one container size.
3. All plants must be shipped at one time.

EXPLANATION OF TEMPERATURE RATINGS (HARDINESS)

The number listed beside the variety indicates the zone in which that variety will be hardy. Every variety that carries your zone number or a smaller number should be hardy in your area. To find the zone you are in, refer to map, page 34, center of this book, which we use by courtesy of Mr. Donald Wyman, as shown in his publication, **Shrubs and Vines for American Gardens**, published by the Macmillan Company, New York, 1949. Please understand that these temperature ratings show our opinions to the best of our ability, but we disclaim all responsibility for their correctness.

SHIPPING

F.O.B. MONROVIA—All prices quoted in this catalog are F.O.B. Monrovia, California.

PACKING—There is no charge made on packing 2¼" and 3" pot size plants. These liners are shipped by Railway Express unless specified differently by you. To insure safe and economical delivery, the liners are transferred from clay pots into waxed paper pots, and securely packed in sturdy, lightweight cartons.

There is no charge for packing azaleas—These are shipped by Railway Express Collect unless you order differently. The azaleas are specially packed to keep shipping costs at a minimum.

When ordering a truckload or a carload, beyond our free delivery area, **packing, loading and bracing** are **free**. If you have any preference of rail or motor freight lines, it will be followed. Or, if you prefer, all arrangements will be made for you with speed, safety and economy in mind.

When crating and packaging are necessary for shipping less than truckload lots, there is a charge made at cost—10c on gallon cans—25c on five gallons. This type of shipment can be sent most economically by motor freight.

DELIVERY—Stock shipped from Monrovia Nursery Company comes to you in the quickest, safest, and most economical manner possible.

To insure its condition upon arrival being as perfect as when purchased, loading is entrusted only to a skilled crew. The area delivery schedule listed is rigidly followed so that you can approximate the arrival time of your order.

FUMIGATION—For your convenience we are equipped to fumigate plants. Charges are made at operating costs: 2¼" pots, 2c; 3" pots 4c; 1 gallon cans, 5c; 5 gallons, 20c; 7 gallons, 30c; flats, 20c.

DELIVERY SCHEDULE

This schedule is arranged to give you the best possible delivery service and is followed closely. However, any time you place an order for a full truckload, shipment can leave the nursery within a few days after the order is placed, regardless of the schedule. If the first of the month falls on a Wednesday or earlier, that week is considered the first week of the month as pertaining to the schedule below. Keep in mind that the minimum orders listed in the schedule are required if your stock is to be shipped by our truck or contracted carrier; however, **only an order of \$15.00 is required to have your stock shipped by express or motor freight.**

Please—We must have your order a few days before the scheduled delivery. This not only gives us more time to select better stock, but it does insure delivery on schedule.

Area	Minimum Delivery Order	Time of Delivery
L. A. Metropolitan Area San Fernando south to Long Beach. Santa Monica and Manhattan Beach east to Covina and Orange County line.	\$15.00	Weekly
Orange County	15.00	2nd and 4th Friday of each month. Every Friday during fall and spring.
San Bernardino and Riverside Area Covina east to Redlands. Cucamonga south to Corona.	15.00	1st and 3rd Tuesday of each month. Every Tuesday during fall and spring.
San Diego Area Oceanside and Vista south to Chula Vista and Palm City. Coronado east to Lakeside, La Mesa and Lemon Grove.	25.00	1st and 3rd Wednesday of each month.
Santa Barbara Area Goleta, City of Santa Barbara and all of Ventura County.	25.00	1st and 3rd Monday of each month.
Palm Springs Area Banning east to Indio including Hemet and Perris.	25.00	4th Monday of each month. Any Monday when a full load is available.
Bakersfield Area Wasco southeast to Mojave, Lancaster and Palmdale.	25.00	2nd week of each month.
Paso Robles Area Paso Robles south to Lompoc and Solvang.	50.00	1st week each month during fall and spring.
Fresno Area Madera south to Delano including all points such as Visalia, Lemoore, Porterville and Reedley.	50.00	2nd week of each month.
Sacramento Area Red Bluff south to Merced, including Auburn, Oakdale, Los Banos, Tracy, Brentwood, Rio Vista and Woodland areas.	150.00	2nd week of each month.
Monterey Area Including Salinas, Gilroy, Watsonville and Santa Cruz areas.	150.00	1st week of each month.
San Francisco Area Martinez, Berkeley, south to San Jose, including Walnut Creek, Richmond, Oakland, Pittsburg, etc.	150.00	3rd week of each month.
Santa Rosa Area Ukiah south to Mill Valley and Vallejo, including Napa, Kenwood and Graton areas.	150.00	4th week of each month.

Out-of-State Shipments—To Arizona, Colorado, Idaho, Nevada, New Mexico, Oklahoma, Oregon, Texas, Utah, and Washington, regular scheduled deliveries are made during spring and fall by motor freight—full loads or split loads. Minimum order—\$250.00.

We will also arrange for railroad deliveries if you prefer.

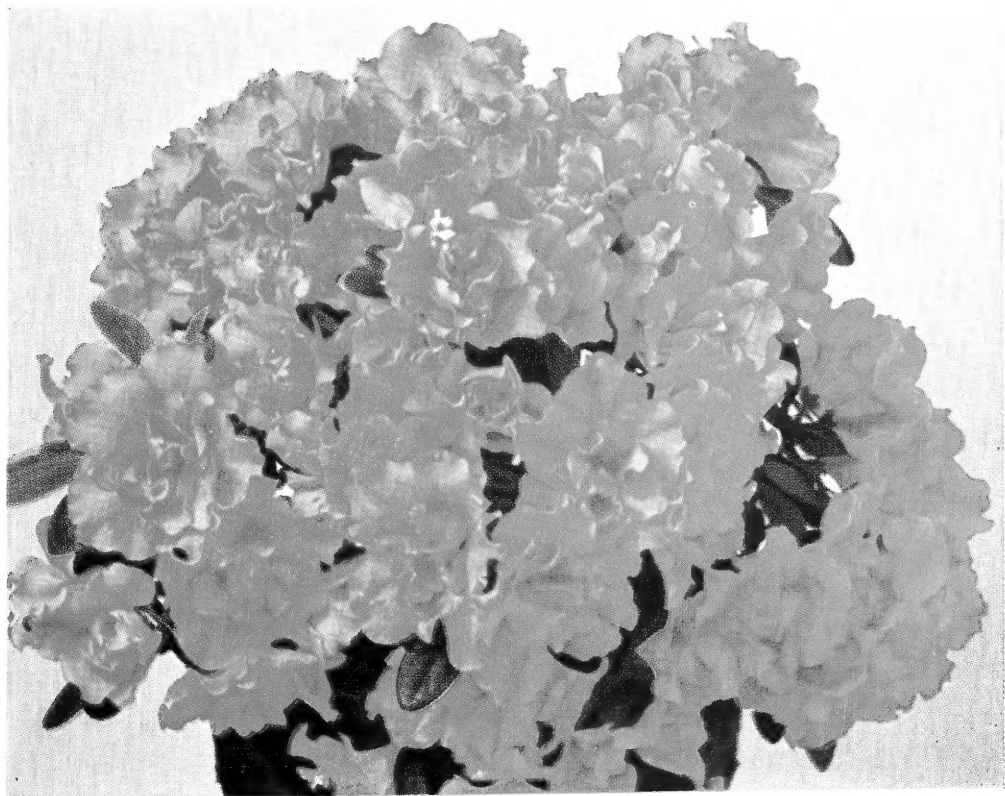

Delivery charges are due and payable immediately upon receipt of your invoice on plant material shipped by our truck or via contracted carrier. Please do not pay the truck driver.

BELGIAN INDICA AZALEAS (9)

More profits for you when you purchase these finer M-N Belgian Indica Azaleas. Vigorous and healthy, grown to produce quantities of enormous double and semi-double blooms. Available for **forcing, landscaping, and growing-on**. These spectacular Azaleas with their huge blossoms are becoming more and more indispensable. They are available in a wide range of delightful colors.

AZALEA, ALBERT & ELIZABETH (See page 6)

AZALEA JEAN HEARRENS (See page 7)

	POT SIZES				
	2-in.	3-in.	4-in.	5-in.	7-in.
Albert and Elizabeth. One of the most beautiful and striking of azaleas. Large, magnificent, double blooms of pink, shading into lighter pink and white toward the center. A good grower. Blooms in March and April.....	\$.17½	\$.30	\$.50	\$.85	\$ 1.60
Avenir. A very bushy, compact azalea producing a great profusion of double, glowing, coppery-pink flowers. Blooms October through December.....	.17½	.30	.50	.85	1.60
Blushing Bride. Large, double blooms of blush pink. Low, spreading and compact growth. Blooms in March and April17½	.30	.50	.85	1.60
Dr. Bergmans. A distinctive Azalea having a large, double flower in various shades of pink and rose. The throat is a deep red. Blooms profusely through February and March17½	.30	.50	.85	1.60
Eric Schame (Erie). A variegated that will match Paul Schame for popularity. Double, salmon-pink flowers with white streaked margin. Blooms December through March17½	.30	.50	.85	1.60
Glory de Loochristy. A beautiful, double, salmon-orange flower. A heavy bloomer and compact grower. Blooms in the spring17½	.30	.50	.85	1.60

AZALEA, DR. BERGMANS (Described above)

AZALEA, PERLE DE SWEYNAERDE (See page 8)

	POT SIZES				
	2-in.	3-in.	4-in.	5-in.	7-in.
Jean Hearrens. A very compact grower with large, double blooms of rose-pink. Blooms midseason to late.....	.17½	.30	.50	.85	1.60
Loelia Alba. A double white that blooms early. Foliage is light green. Forces easily. Blooms November and December17½	.30	.50	.85	1.60
Mme. Alfred Sanders. Masses of double, rich red flowers from November to May. This beauty is always in demand17½	.30	.50	.85	1.60
Mme. Charles Vuylsteke. The brightest, double red of all Belgian Indicas. Attractive long, shiny, green leaves. A prolific bloomer. Blooms December through March17½	.30	.50	.85	1.60
Mme. Petrick. A continuous and profuse bloomer with large, double, cherry red flowers. Blooms from October through March17½	.30	.50	.85	1.60
Mme. Petrick Alba. One of the popular Mme. Petrick Azaleas. A large, snow-white, double flower. Blooms both fall and spring.....	.17½	.30	.50	.85	1.60
Mme. Petrick Superba. Large, double blooms of cherry-pink edged in white. Very attractive and blooms early.....	.17½	.30	.50	.85	1.60
Mme. Vandercruyssen. Large, light, cherry-red, semi-double flowers with crimson dots in the throat.....	.17½	.30	.50	.85	1.60

	POT SIZES				
	2-in.	3-in.	4-in.	5-in.	7-in.
Niobe. One of the best white azaleas. Produces large, pure, glistening white, double flowers. Very bushy and compact grower. Blooms March and April.....	.17½	.30	.50	.85	1.60
Orchidflora (Eleanor McGowan). The huge, double, fuchsia-pink flowers make it one of the most spectacular. The size and color of this flower is something you'll never forget. Blooms February through March.....	.17½	.30	.50	.85	1.60
Paul Schame. One of the most popular. The large, double, salmon-pink flowers that cover the plant make an exceptional display. Blooms freely December through March.....	.17½	.30	.50	.85	1.60
Perle de Noisy. Large, double flowers, greatly tufted in the center, with an irregular, white margin on each pink petal. Makes a distinctive flower. Blooms December and January.....	.17½	.30	.50	.85	1.60
Perle de Saffelaire. A large, double, frosty-white flower. The plant has good growing habits. Very desirable. Blooms in the spring.....	.17½	.30	.50	.85	1.60
Perle de Sweynaerde. A magnificent, double, velvety white that resembles rose buds when first opening. A beautiful sight to see when the entire plant is a mass of white. Compact grower. Blooms in March and April.....	.17½	.30	.50	.85	1.60

LARGER AZALEA SIZES

Many varieties of these fine Azaleas are available in one and five-gallon containers for general landscape use. Please check with our salesman for varieties available, or order an assortment and you will receive the best selection of varieties.

1-gal.—\$.60

5-gal.—\$2.50

Pink Pearl. A large, double bloom with a delicate, apple-blossom pink color. Truly the finest of all pink azaleas. Midseason to May.....	.17½	.30	.50	.85	1.60
Simon Mardner. Beautiful, double, rose-red with lilac overtone. A good grower which blooms from October through March.....	.17½	.30	.50	.85	1.60
Sweetheart Supreme. A double blush-pink resembling the sweetheart rose. One of the relatively new pericat type which makes it almost as hardy as the Kurumes. Blooms January through March.....	.17½	.30	.50	.85	1.60
Temperance (Princess Astrid). A very attractive, light lavender, semi-double flower that generally blooms during the Easter holidays.....	.17½	.30	.50	.85	1.60
Triomphe. A rapid grower with masses of double, red flowers. Young blooms resemble rose buds. Blooms from January through March.....	.17½	.30	.50	.85	1.60
Vervaeana Alba. An excellent double, white flower. Shiny, deep green foliage. Always a good seller. Blooms February through April.....	.17½	.30	.50	.85	1.60
Vervaeana Variegated. This is an old favorite. Lovely, double, salmon-rose in white background. Blooms February through April.....	.17½	.30	.40	.85	1.60
Wm. Van Orange. A deep, semi-double, rust-orange flower with unusual fringed petals. An azalea that is different. Will force for Christmas. Blooms January through March.....	.17½	.30	.50	.85	1.60

SOUTHERN INDICA AZALEAS (8)

If given the proper conditions, these M-N grown Southern Indicas will produce a mass of color in early spring that is almost impossible to obtain with other plants. The varieties listed have been chosen the most desirable and should prove to be money markers for you.

	POT SIZES			
	2-in. Pot	3- in. Pot	1-Gal.	5-Gal.
Brilliant. This variety is a good grower having small, dark green leaves. The flowers are a rich, deep, watermelon-pink making their best showing from early to midseason.....	.17½	.30	.60	2.50
Duc de Rohan. A semi-dwarf and compact grower. Its delicate salmon-pink flowers are borne early in the season in profusion.....	.17½	.30	.60	2.50
Formosa. The Formosa is the largest and fastest grower of the southern group. It is very easy to grow and produces large pale-purplish rose blooms early in the season.....	.17½	.30	.60	2.50
Glory of Sunninghill. One of the better medium growers, being compact in habit and having shiny, dark green, distinctly-veined leaves. The vivid orange-scarlet flowers coming late in the season are in pleasing contrast to the foliage.....	.17½	.30	.60	2.50
Iveryana. This is another of the compact medium growers but is wider in habit than most varieties. The flowers are possibly the best of the variegated varieties. Large white with faint rose streaks17½	.30	.60	2.50
President Clay. A very good upright grower. Medium in size and bearing orange-red flowers profusely in midseason.....	.17½	.30	.60	2.50
Pride of Dorking. This variety is a late free bloomer. Medium in growth, making a good show with deep carmine-red flowers. Definitely a good all-round Azalea.....	.17½	.30	.60	2.50
Pride of Mobile. Originally called the "watermelon-pink" this variety has been outstandingly good in the South. It is similar to Formosa in growth, but is lighter and more delicate. It is a rugged, fast grower coming into full bloom during midseason showing its countless watermelon-pink flowers in brilliant abandon. One of the most popular of the Southern Indicas.....	.17½	.30	.60	2.50
Prince of Orange. This variety is more dense in foliage habit than most of the medium growers. A very good rose-red, flowering freely and early.....	.17½	.30	.60	2.50
Prince of Wales. The delicate, light cherry-red blooms on this Southern Indica really are sensational. The plant has a neat, compact habit of growth.....	.17½	.30	.60	2.50
Snowbird. A rather loosely formed variety with light green foliage and bearing large, single, white blooms in early season.....	.17½	.30	.60	2.50

WE USE EGG CANS BECAUSE—Although egg cans are more expensive than the five-gallon cans, experience has taught us they are an added service to the nurseryman and his customer. Lighter in weight, they are easier to handle and thrifty on freight costs. They are neater in appearance, do not corrode easily and are especially suitable for plant growth.

CAMELLIAS (8)

M-N's Camellias have "grown-in" sales appeal. They will result in larger profits for you because of their more vigorous, sturdy root systems, their more healthy, glossy foliage, and their larger, more colorful blooms.

When your customers demand the very finest in size and quality, just check over the list of 2 year, 5-gallon and 1 and 2 year 7-gallon Camellias—without a doubt they are plants that will result in repeat sales for you.

Adolphe Audusson Variegated. Very large, semi-double, dark red, spotted white flowers. A vigorous plant with a sturdy and compact habit of growth. Blooms midseason.

5-gal. 2 yr.....	\$4.95
------------------	--------

Alba Plena. Large, formal double, white flowers with imbricated petals. A medium bushy shrub with spreading branches and glossy, light green foliage. Blooms early.

2-in. pot.....	\$.30	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	5-gal. 2 yr.....	2.95
1-gal. 1 yr.....	.95	7-gal. 1 yr.....	4.95
1-gal 2 yr.....	1.35	7-gal. 2 yr.....	5.95

Beali Rosea. Produces beautiful, medium-sized, formal double rose-pink flowers. An upright vigorous, and bushy grower. Blooms midseason.

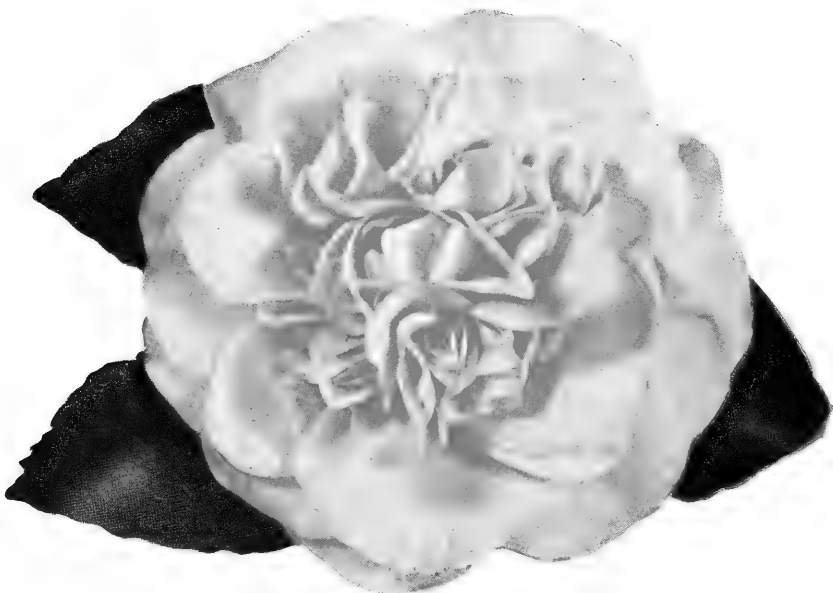

2-in. pot.....	\$.30	5-gal. 2 yr.....	\$2.95
3-in. pot.....	.45		

Bella Romana (Mme. de Strekaloff) (Tricolor Imbricata). Light pink, profusely striped and splashed with carmine. Rose-form, double flowers of good size, excellent for corsages. Bushy, vigorous growth with large, light green foliage. Blooms midseason.

2-in. pot.....	\$.30	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	5-gal. 2 yr.....	2.95
1-gal. 1 yr.....	.95		
1-gal 2 yr.....	1.35		

Blood of China (Victor Emmanuel II). Large, semi-double to loose peony form, deep salmon-red flowers. Vigorous, compact form of growth. Blooms late.

2-in. pot.....	\$.30	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	5-gal. 2 yr.....	2.95
1-gal. 1 yr.....	.95	7-gal. 2 yr.....	5.95
1-gal 2 yr.....	1.35		

CAMELLIA, DEBUTANTE (See page 12)

CAMELLIA
GLEN 40
(See page 13)

Chandleri Elegans Variegated (Elegans). Very large, high centered, anemone form with large petals. Rose-pink with large, irregular, white variegations. Prolific flowering. This is one of the largest and most spectacular of all camellias. Slow growing, with a spreading, bushy growth. Blooms midseason.

2-in. pot.....	\$.30	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	5-gal. 2 yr.....	2.95
1-gal. 1 yr.....	.95	7-gal. 1 yr.....	4.95
1-gal. 2 yr.....	1.35	7-gal. 2 yr.....	5.95

Colonel Firey (C. M. Hovey) (Duc de Devonshire) (Solaris) (Firey King). Very large, formal double, dark red flowers with imbricated petals. One of the finest and most admired of red camellias. Slender growth with long, twisted, narrow, dark green leaves. Blooms midseason to late.

2-in. pot.....	\$.30	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	5-gal. 2 yr.....	2.95
1-gal. 1 yr.....	.95	7-gal. 1 yr.....	4.95
1-gal. 2 yr.....	1.35		

Covina. Medium, semi-double, rose-red flowers freely produced over a long period. Vigorous, compact, bushy plants well suited to landscape planting. Foliage excellent, dark green. Will grow in sun. Fine for pot or tub specimen. Blooms midseason.

2-in. pot.....	\$.30	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	5-gal. 2 yr.....	2.95
1-gal. 1 yr.....	.95		
1-gal. 2 yr.....	1.35		

Daikagura Variegated (Kiyosu). Large, peony-type rose-red splotched white, with clusters of small petals in center. Slow, compact, upright growth and dull green foliage. One of the most popular of the variegated camellias. Blooms very early.

2-in. pot.....	\$.30	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	5-gal. 2 yr.....	2.95
1-gal. 1 yr.....	.95		
1-gal. 2 yr.....	1.35		

See Page 14
Special Camellia Package

CAMELLIA, EMPEROR WILHELM (Described on opposite page)

Debutante (Sara C. Hastie). Large, light pink, tightly formed peony type. One of the most vigorous growers. Upright growth with heavily serrated, light green foliage. The finest pink peony-form. Blooms early to midseason.

2-in. pot.....	.30	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	5-gal. 2 yr.....	2.95
1-gal. 1 yr.....	.95	7-gal. 1 yr.....	4.95
1-gal. 2 yr.....	1.35	7-gal. 2 yr.....	5.95

Ecstasy (California Ecstasy) (Mme. Hovey). Large formal double, medium pink flowers changing to a lighter shade in the center. A vigorous upright grower. Blooms midseason.

2-in. pot.....	.30	5-gal. 2 yr.....	\$2.95
3-in. pot.....	.45		

Eleanor of Fairoaks (Vedrine Varieg.). Large, semi-double to loose peony-form, deep ruby-red flowers marbled white. Vigorous, upright, spreading growth, foliage dark green. Blooms early to midseason.

2-in. pot.....	.30	1-gal. 1 yr.....	.95	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	1-gal. 2 yr.....	1.35	5-gal. 2 yr.....	2.95

Emperor of Russia. A large, brilliant scarlet flower, having large petals around the outside, with smaller petals towards the center, making a multi-centred double to peony-form. Slow compact growth. Blooms midseason.

2-in. pot.....	.30	1-gal. 1 yr.....	.95	5-gal. 1 yr.....	\$2.50
3 in. pot.....	.45	1-gal. 2 yr.....	1.35	5-gal. 2 yr.....	2.95

Emperor Wilhelm (Gigantea) (Magnolia King). Huge, semi-double to peony form. Rich red flowers marbled white. Vigorous upright loose growth. Leaves large and dark green. Blooms midseason.

2-in. pot.....	\$.20	1-gal. 1 yr.....	\$.65
3 in. pot.....	.30	5-gal. 1 yr.....	1.75

High Hat. A soft, shell-pink sport of the old favorite Daikagura with large, peony-form blossoms. A slow, compact, upright grower with dull green foliage. Blooms early to midseason.

2-in. pot.....	\$.30	1-gal. 1 yr.....	\$.95	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	1-gal. 2 yr.....	1.35	5-gal. 2 yr.....	3.95

Jordan's Pride (Herme) (Hikaru-Genji) (Souv. de H. Guichard). Our improved strain is predominantly double peony centered. A striking, light pink with an irregular, white margin and streaked with deep pink. Profuse blooming even while young. One of the few fragrant camellias. Blooms midseason.

2-in. pot.....	\$.30	1-gal. 1 yr.....	\$.95	5-gal. 1 yr.....	2.50
3-in. pot.....	.45	1-gal. 2 yr.....	1.35	5-gal. 2 yr.....	2.95
				7-gal. 1 yr.....	4.95

Kumasaka (Lady Marian) (Beni-Karoko) (Jeanne Kerr). A bright, rose-pink with slightly darker shades along the veins of the petals. Our strain is predominantly double peony centered. Free flowering, even while young. Excellent for cutting. Midseason to late.

2-in. pot.....	\$.30	1-gal. 1 yr.....	\$.95	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	1-gal. 2 yr.....	1.35	5-gal. 2 yr.....	2.95
				7-gal. 1 yr.....	4.95

Laurel Leaf (Lallarook). Full double, imbricated, large, pale pink flowers, softly marbled white. The outer petals are a deeper pink. Slow and compact in growth, the foliage resembles that of a Laurel. Blooms midseason to late.

2-in. pot.....	\$.30	1-gal. 1 yr.....	\$1.10	5-gal. 1 yr.....	\$3.00
3-in. pot.....	.75	1-gal. 2 yr.....	1.50	5-gal. 2 yr.....	3.95
				7-gal. 2 yr.....	5.95

Lindsay Neill. Dark red and marked with pearly white, the Lindsay Neill camellia has a large, semi-double, peony-type flower with stamens among its petals. The plant, open and spreading in its growth habit, has the heavy glossy foliage so highly desired. Blooms early.

2-in. pot.....	\$.30	1-gal. 2 yr.....	\$1.35	7-gal. 2 yr.....	\$4.95

In the 100 Plant Package the Cost of Each Plant Is 85¢

Margarete Hertrick. One of the most beautiful camellias. It is a vigorous, upright compact grower and produces large formal double white flowers during midseason. One of the outstanding characteristics of its flower is its ability to retain its fresh appearance after being picked for a number of days.

1-gal. 1 yr.	\$1.50	5-gal. 1 yr.	\$3.95
		5-gal. 2 yr.	4.95

Mathotiana (Julia Drayton) (Purple Dawn) (William S. Hastie) (Purple Emperor). One of the largest and most spectacular red camellias. Brightest scarlet, double, rose form with unusually large textured and veined petals. A handsome shrub of vigorous, compact growth and dark green leaves. Occasionally this variety will show a spot of white on the bloom. Blooms midseason to late.

2-in. pot.	\$.30	5-gal. 1 yr.	\$2.50
3-in. pot.	.45	5-gal. 2 yr.	2.95
1-gal. 1 yr.	.95	7-gal. 1 yr.	4.95
1-gal. 2 yr.	1.35	7-gal. 2 yr.	5.95

Mathotiana Variegated (Julia Drayton Var.) (Paulina). Attractive, large, scarlet flowers blotched with white. Rose form, double flowers with unusually large petals. Blooms midseason to late.

2-in. pot.	\$.30	1-gal. 1 yr.	\$.95	5-gal. 1 yr.	\$2.50
3-in. pot.	.45	1-gal. 2 yr.	1.35	5-gal. 2 yr.	2.95

Monjisu (California Donckelari Var.). Semi-double, cherry-red flowers marbled with white. Very bushy growth. Young plants bud heavily. Blooms midseason.

2-in. pot.	\$.30	1-gal. 1 yr.	\$.95	5-gal. 1 yr.	\$2.50
3-in. pot.	.45	1-gal. 2 yr.	1.35	5-gal. 2 yr.	2.95
				7-gal. 1 yr.	4.95

Mrs. Charles Cobb. Large, dark red, semi-double to loose peony-form. A fast, upright, spreading, symmetrical grower with light green, glossy foliage. Blooms midseason.

2 in. pot.	\$.30	1-gal. 1 yr.	\$.95	5-gal. 1 yr.	\$2.50
3-in. pot.	.45	1-gal. 2 yr.	1.35	5-gal. 2 yr.	2.95

Mrs. Josephine M. Hearn. A distinctive, semi-double, rose pink flower with center petals fluted among the stamens. Very attractive, glossy, pointed, slightly serrated, dark green leaves. A good, compact, upright grower.

2-in. pot.....	\$.30	1-gal. 1 yr.....	\$.95	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	1-gal. 2 yr.....	1.35	5-gal. 2 yr.....	2.95
				7-gal. 2 yr.....	4.95

Nagasaki (Lady Audrey Buller) (Candida elegantissima) (Mikenjaku). Very large, semi-double, rose-pink marbled white with large ruffled petals. Slow, spreading growth, with an abundance of dark green foliage. Blooms midseason.

2-in. pot.....	\$.30	1-gal. 1 yr.....	\$.95	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	1-gal. 2 yr.....	1.35	5-gal. 2 yr.....	2.95

Pink Perfection (Frau Minna Seidel) (Usu-Otome). Medium, formal double flowers of soft shell pink. Petals imbricated. A long season bloomer. One of the most popular of all camellias. Vigorous shrub with erect growth and rounded glossy leaves. Blooms early to mid-season.

2-in. pot.....	\$.30	1-gal. 1 yr.....	\$.95	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	1-gal. 2 yr.....	1.35	5-gal. 2 yr.....	2.95

Pope Pius IX (Imbricata Rubra Plena) (Prince Eugene Napoleon) (Lardiner's Red) (Carlotta Grissi) (Rubra Plena). Large, formal double, red flowers with imbricated petals. Upright, compact growth. One of the finest reds. Blooms midseason.

2-in. pot.....	\$.30	1-gal. 1 yr.....	\$.95	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	1-gal. 2 yr.....	1.35	5-gal. 2 yr.....	2.95
				7-gal. 1 yr.....	3.95

Princess Baciocchi. Large, carmine-red, semi-double to semi-peony form. Vigorous and bushy, compact growth with dark green, rounded foliage. Blooms midseason.

2-in. pot.....	\$.30	1-gal. 2 yr.....	\$1.25		
3-in. pot.....	.45	5-gal. 2 yr.....	2.95		

Prof. C. S. Sargent. Medium sized, dark red, full peony type flower with ball of incurved petals edged with a frill of broader petals. Vigorous, bush and upright. Very popular variety. Blooms midseason.

2-in. pot.....	\$.30	1-gal. 1 yr.....	\$.95	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	1-gal. 2 yr.....	1.35	5-gal. 2 yr.....	2.95

Purity (Neige d'Ore) (Shiragiku). Our strain is predominantly formal double. This pure white, symmetrical flower is one of the finest and most popular white camellias. Blooms midseason to late.

2-in. pot.....	\$.30	1-gal. 1 yr.....	\$.95	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	1-gal. 2 yr.....	1.35	5-gal. 2 yr.....	2.95

CAMELLIA, NAGASAKI (Described above)

Romany (Belgium Red). Medium sized, rose-red, perfectly double, formal flower. A compact, vigorous grower with fine foliage. Blooms midseason.

2-in. pot.....	\$.30	1-gal. 2-yr.....	\$1.35
3-in. pot.....	.45	5-gal. 2 yr.....	2.95

Rosedale's Beauty (Trade Mark Registered). Never before have we had so many favorable comments on any camellia. The demand is increasing more and more. Why? Because it is able to endure more extreme weather conditions either inland or along the coast; it has the most outstanding foliage—large, deep green leaves (most desirable of any camellia); it is the most vigorous grower of any *Camellia japonica*; it is a bushy, compact grower; and it is literally covered with large, double red flowers during February, March and April. Too much cannot be said about its many desirable characteristics. It must always be sold with Trade Mark Registered tags.

2-in. pot.....	\$.30	1-gal. 1 yr.....	\$.85	5-gal. 1 yr.....	\$2.50
3-in. pot.....	.45	1-gal. 2 yr.....	1.25	5-gal. 2 yr.....	2.95

Rose Dawn (Davis Rose Dawn). A pleasing, deep rose pink flower, formal to rose form in type. Vigorous, spreading growth. Blooms midseason.

3-in. pot.....	\$.45	1-gal. 2 yr.....	\$1.35	5-gal. 2 yr.....	\$2.95
----------------	--------	------------------	--------	------------------	--------

Ruby Glow (Vedrine) (Margaret Lawrence) (Bolen's Pride). Large, brilliant, deep-red flowers semi-double to loose peony form. A vigorous, upright grower. Blooms early to midseason.

2-in. pot.....	\$.30	1-gal. 1 yr.....	\$.95	5-gal. 2 yr.....	\$2.95
3-in. pot.....	.45	1-gal. 2 yr.....	1.35		

Salmon Queen. Medium large, formal double to full peony form. A rich, brilliant glowing, salmon pink. The outer petals are very distinct and inner ones somewhat clustered, but very compact and gracefully composed. Does especially well along inland valleys. Blooms mid-season.

2-in. pot.....	\$.30	1-gal. 1 yr.....	\$.95
3-in. pot.....	.45		

Te Deum (Dr. Shepherd) (Firegold) (Moragne). Large, beautiful, deep red flowers of peony form. Very attractive. Lustrous, dark green foliage, loose habit of growth. Blooms midseason.

3-in. pot.....	\$.95	1-gal. 1 yr.....	\$1.50	5-gal. 1 yr.....	\$3.95
		1-gal. 2 yr.....	2.00	5-gal. 2 yr.....	4.95
				7-gal. 2 yr.....	5.95

CONIFERS

You are asked so many times for plants that require very little care, but always look attractive. Your answer is **Conifers**—the most graceful and beautiful of all plant life. And when you standardize on M-N's conifers you are receiving the most vigorous, healthy plants available.

Be sure to check over the conifer liners (plants in 2¼ and 3 in. pots). These are excellent for growing on and so very economical to ship.
Don't delay. Order now!

JUNIPERUS SABINA TAMARISCIFOLIA (See page 19)

CEDRUS atlantica (seedling). Atlas Cedar (6)	2-in. Pot	1-Gal.	5-Gal.
Medium sized, handsome tree having rigid branchlets and gray-green foliage. These are grown from seeds and will vary somewhat in color and form.....	.17½
Cedrus deodara . Deodar Cedar, California Christmas Tree (7)			
One of the finest large conifers for the southwest. Makes a tall spreading pyramid of fine silvery grey foliage. It has a long, useful life as a small tub specimen.....	.17½	.50	1.85
CHAMAECYPARIS lawsoniana allumi . Blue Lawson Cypress (5)			
This is by far the most popular and universally useful of all the varieties of Lawson Cypress. Makes a formal pyramid of metallic, blue-green foliage, closely set and fairly slow in growth. Good for specimen planting anywhere except actual desert areas3" pot—35	.17½	.45	1.85
Chamaecyparis lawsoniana azurea (5)			
A new sport of Chamaecyparis allumi having a deeper blue color than the allumi. It is very symmetrical and compact.....3" pot—35	.20	.50
Chamaecyparis lawsoniana ellwoodi (5)			
This refined slow growing dwarf shrub is unusually compact. Its gray-green foliage and symmetrical neat habit of growth make it very desirable. See picture on page 21.....3" pot—35	.17½	.50	1.85
Chamaecyparis lawsoniana knowfeldensis (5)			
A compact, neat growing, dwarf shrub. The color is sage-green but not glaucous. The growth is somewhat slow.....3" pot—40	.25

Chamaecyparis lawsoniana stewartii. Golden Lawson Cypress (5) Another reliable conifer for specimen planting. New growth rich golden yellow3" pot—	2-in. Pot	1-Gal.	5-Gal.
.....35	.20	.50	.185
Chamaecyparis pisifera filifera aurea (5) The branches on this variety are flattened, threadlike and slightly drooping, having a golden tint. Extremely attractive.....3" pot—	2-in. Pot	1-Gal.	5-Gal.
.....40	.25

THUJA OCCIDENTALIS PYRAMIDALIS (Page 20)

CUPRESSUS arizonica. Arizona Cypress (Seedling) (8) Tall, narrow, pyramidal conifer with bluish-green foliage. Does well on the desert and also along the coast.....Flats—\$3.00	2-in. Pot	1-Gal.	5-Gal.
.....	.12	.35	1.65
Cupressus forbesi. Forbes Cypress, Tecate Cypress (8) Dark green foliage superior to Monterey Cypress and is replacing that species for hedges, etc., because of its immunity to the cypress fungus. TallFlats—\$3.00	2-in. Pot	1-Gal.	5-Gal.
.....	.12	.35	1.65
Cupressus sempervirens glauca. Blue Italian Cypress (8) This is the best Italian Cypress. Makes narrow dense column of dark, bluish-green foliage. Cutting grown from especially choice specimens to insure true type. This one is so superior that we do not offer other types	2-in. Pot	1-Gal.	5-Gal.
.....	.17½	.50	1.85

	2-in. Pot	1-Gal.	5-Gal.
JUNIPERUS chinensis Armstrongi. Armstrongs Juniper (4) Fine, gray-green foliage, and more compact than Pfitzer's Juniper. Dwarf hardy variety. Useful shrub for foundation plantings, etc.3" pot—.35	.20	.50	1.85
Juniperus chinensis columnaris (4) Tall growing, columnar juniper with blue-green foliage. Makes a beautiful specimen 10 to 15 feet high.....3" pot—.45	.25	.60	2.25
Juniperus chinensis keteleeri. Keteleer Juniper (4) Broadly pyramidal in habit with ascending branches. The loosely arranged foliage of bright green color adds accent to any grouping. 3" pot—.4060
Juniperus chinensis pfitzeriana (4) Very hardy, low growing juniper, dwarf and low spreading with soft, deep green foliage. For low accent and ground cover....3" pot—.35	.20	.50	1.85
Juniperus chinensis pfitzeriana Blue (4) A sport of Juniperus c. pfitzeriana that is not only more compact, but is distinguished by its feathery, soft blue foliage.....	.25	.60	2.25
Juniperus chinensis prostrata. Trailing Juniper (4) One of the finest junipers for covering banks, open areas and so forth. Creeping close to the ground, making a close cover of rich green foliage.3" pot—.35	.20	.50	1.85
Juniperus chinensis torulosa. Hollywood Juniper (4) This very artistic growing shrub combines well with modern architecture. The distinctive stems assume a twisted appearance. The green foliage is always very neat in appearance.....3" pot—.50	1.00	2.75
Juniperus conferta. Shore Juniper (5) Prostrate and spreading, the attractive, light-green foliage is unaffected by sun or salt wind. It hugs the ground with arching branchlets. Very desirable.....3" pots—.35	.20	.50	1.85
Juniperus excelsa stricta. Spiny Greek Juniper (4) A narrow columnar, semi-dwarf juniper, with sharp, spiny foliage of glaucous blue color. Its dense formal growth makes it useful in many ways20	.50
Juniperus sabina tamariscifolia. Tamarix Juniper (4) Best known of the slow growing, low spreading junipers. Very hardy and useful for bank cover. In the foundation planting, where a shrub not over 10 or 12 inches high is required. Blue-green foliage. Very choice. See picture on page 17.....3" pot—.35	.20	.50	2.00
Juniperus scopulorum Chandler Silver (4) Pyramidal, compact form having an attractive, bluish-silver color.	1.00	2.75
Juniperus virginiana. Red Cedar (4) Pyramidal, symmetrical tree with attractive foliage. These are grown from seeds.....3" pot—.25	.15	.40
Juniperus virginiana burki. Burk Red Cedar (4) Narrow pyramidal and of coarse, dense, steel-blue foliage. In fall the color changes to an attractive reddish cast. Color of this newer form is possibly the best of the red cedars.....3" pot—.5060	2.25
Juniperus virginiana canaerti (4) Extremely rich, dark green foliage. Continues its rich color all year. Grows in pyramidal form. Very hardy.....3" pot—.50	1.00	2.75
Juniperus virginiana glauca (4) Most outstanding feature is the silvery blue color. One of the few evergreens that thrive over the entire country. Grows in pyramidal form. Trim to produce compactness.....3" pot—.40	.20	.60	2.25
Juniperus virginiana tripartita (4) A Juniper that is very similar to Juniperus Pfitzeriana, but more densely branched, and a tendency to grow more dwarf.....	.20	.50

	2-in. Pot	1-Gal.	5-Gal.
LIBOCEDRUS decurrens. Incense Cedar (6) Tall, compact, pyramid of deep green. Very symmetrical. Grows easily. A native of California.....	.17½	.50	1.85
PINUS canariensis. Canary Island Pine (7) Tall, slender pine tree making rapid growth. Long needles in large tufts make this a fine specimen. New growth silvery blue.....	.15	.40	1.65
Pinus halepensis. Aleppo Pine (7) A fast growing pine recommended for dry locations. Needles bright green15	.40	1.65
Pinus mugo mughus. Mugho Pine (2) A popular dwarf growing, many stemmed variety of an attractive shade of green. This is a variety of the Swiss Mountain Pine.....	.20
Pinus pinea. Italian Stone Pine (7) Tall growing tree with long, spreading branches; forming in older trees a broad, flat-topped head. A tree of picturesque habit.....	.15	.40	1.75
Pinus radiata (Pinus insignis). Monterey Pine (7) Fast growing pine for quick effects. Very bushy when young. Bright green needles. Makes a medium size picturesque tree when older.....	.15	.40	1.65
PODOCARPUS elongatus (9) Beautiful, evergreen trees with long yew-like leaves having irregular structure and branchlets. The dark, blue-green leaves are soft and narrow20	.60
Podocarpus macrophylla (9) One of the finest, evergreen, specimen shrubs. Often trained by slight pruning to make a tall, slender column of deep green narrow leaves. Stands considerable shade or light sun. Will grow as a tubbed plant indoors, as in hotels, etc.....	.17½	.45	1.85
SEQUOIA gigantea. Giant Sequoia (6) The "Big Tree" of the Sierras. Attractive, neat-looking blue-green foliage, forming a perfect cone as it grows. Grows slowly.....75	2.50
Sequoia sempervirens. Coast Redwood (7) Tall, narrow evergreen tree producing a straight trunk with reddish bark and narrow spreading, deep green foliage. Fast growing hardy conifer17½	.45	1.85
TAXUS media hicksi. Hicks Yew (4) Evergreen, of very good conformation, upright in growth with ascending branches. Foliage is a bright dark green. Bears red berry-like fruit. This is a good item for foundation plantings.....3" pot—	.40	.20
THUJA occidentalis pyramidalis. American Pyramidal Arborvitae (2) Very valuable for landscaping. Extremely well adapted for colder areas. Compact formal outline. Picture on page 18.....3" pot—	.35	.17½	.50
Thuja orientalis aurea nana. Dwarf Golden Arborvitae, Berckman's Golden Arborvitae (6) Most popular dwarf arborvitae. Slow growing, dense and shaped like a pointed globe. Fern-like branchlets bright golden yellow all year around. Full sun35	.20	.50
Thuja orientalis bakeri (6) A compact growing pyramidal arborvitae. Foliage has a light green color. Very good as a taller accent conifer. Better for hot, dry locations35	.17½	.50
Thuja orientalis beverlyensis. Beverly Hills Arborvitae (6) Slender growing conifer, bright golden yellow foliage.....3" pot—	.35	.20	.50
Thuja orientalis Blue Cone (6) Upright, pyramidal thuja with especially compact foliage having a blue cast that harmonizes well with other foliage.....3" pot—	.35	.17½	.50
Thuja orientalis Blue Spire. Blue Column Arborvitae (6) Fine bright green foliage with bluish tips.....3" pot—	.35	.17½	.50
Thuja orientalis Bonita Upright (6) A most perfect symmetrical cone-shaped green arborvitae never growing over 5-6' in height. Very desirable.....	.17½	.50

Thuja orientalis compacta. Compact Arborvitae (6)

	2-in. Pot	1-Gal.	5-Gal.
Attractive, compact, globe-shaped conifer with bright green dense foliage	3" pot—.35	.17½	.50
			1.85

Thuja orientalis pyramidalis. Oriental Pyramidal Arborvitae (6)

	2-in. Pot	1-Gal.	5-Gal.
Tall narrow pyramid of compact deep green foliage. One of the best arborvitae for accent planting	3" pot—.35	.17½	.50
			1.85

GENERAL ORNAMENTAL LIST

	2-in. Pot	1-Gal.	5-Gal.
ABELIA Edward Goucher. Pink Abelia (6) One of the most useful shrubs as it can be confined to any desired size and can grow in most any location. The shiny, deep green leaves are tinted with an amber hue. The dainty, clear pink flowers are produced all summer. This popular shrub sells the year 'round.....	\$.15	\$.40	\$ 1.65
Abelia grandiflora. White Abelia (6) A very hardy shrub of medium size with graceful, arching branches clothed in deep green, shiny, small leaves; new growth is reddish. The white flowers are borne most of the summer. Always in demand.....	.15	.40	1.65
ACACIA baileyana. Silver Wattle (9) The best acacia for street planting, lawns, for shade, etc. Will not lift the soil or heave pavements. Medium sized tree with round head of blue-green fern-like foliage and showy masses of fluffy yellow flowers in late winter and spring.....	.15	.40	1.85
Acacia floribunda. Everblooming Acacia (9) Very popular small round headed tree. Foliage a good green, clean and neat; flowers bright yellow, fluffy appearing most of the year.....	.15	.40	1.85
Acacia latifolia. Bush Acacia (9) A small tree or large bush with long leaves and bright yellow fluffy flowers in spring. Much used as a background shrub or wind break, which with pruning makes a tight mass of leaves.....	.15	.40	1.65
Acacia melanoxylon. Blackwood Acacia (9) Fast growing, evergreen tree that produces a dense head of dark foliage, brightened in the spring with creamy-yellow flowers. It does well in most any soil.....	.15	.40	1.85
Acacia podalyriaefolia. Pearl Acacia (9) Beautiful small tree with roundish oval, silver-gray leaves and rich yellow flowers in long clusters.....	.15	.45	1.85
ACALYPHA wilkesiana (Acalypha tricolor). Chenille Plant (10) This vigorous, evergreen shrub with dense, multicolored foliage is excellent for creating tropical effects. The basic, bronze-green foliage is accented with variations of white, orange, red and brown.....50
ACANTHOPANAX sieboldianus (Aralia pentaphylla) (5) Large growing shrub admired for its arching branches of strongly formed leaves. Its sturdy character adds a striking appearance wherever used.....40	1.65
ACER paxi. Evergreen Maple (9) Recently introduced from the Orient, this shade tree is proving very satisfactory for Southern and Western United States. It forms a perfect shade tree of fine proportions. Its lustrous, bright green leaves add vivid contrast to the landscape.....	.20	.60	2.25
ADENOCARPUS foliosus. Canary Island Lupine (9) In the spring masses of bright yellow flowers appear on long spikes that resemble the lupine. This evergreen shrub, with its feathery foliage, has many uses and is especially valuable in semi-desert areas.....	.15	.40	1.65
AGAPANTHUS africanus (A. umbellatus). Blue Lily of the Nile (9) A hardy perennial producing dense masses of long dark green amaryllis-like leaves and stems 1 to 2 ft. long, bearing umbels of lovely blue flowers in summer. Used as cut flowers.....	.12	.35
ALBIZZIA julibrissin. Silk tree, Mimosa Tree (7) A small, deciduous tree that develops rapidly. The leaves are light green, frond-like and feathery. In summer, quantities of pink flowers in silken bundles appear at the upper end of the branches.....	.15	.40	1.85
ALNUS rhombifolia (A. californica). White Alder (8) Tall growing, shapely tree, native of the California canyons. Its very sturdy, gray trunk and branches, contrast beautifully with the dense, rich green leaves. Develops quickly to make a shade tree of excellent proportions. Deciduous. Barerooted—1 yr. seedlings, .06 each.....40

ALSOPHILA australis. Tree Fern (10)

A slender, graceful stem surrounded by a spreading head of long, light green fronds, enhances any planting. Especially suitable for tropical effects. Prefers a moist, shaded location.

2-in. Pot	1-Gal.	5-Gal.
.....	3.50

ALSTONIA yunnanensis (9)

This highly individualized evergreen shrub bears heads of small, pink flowers during the spring and early summer. Its leaves are heavily veined which almost appear variegated.

.20	.50
-----	-----	-------

ALTHAEA alba (8)

A popular, deciduous shrub that resembles the Hibiscus family. Snow-white flowers brighten the shrub during the summer.

.15	.50
-----	-----	-------

AMPELOPSIS lowi (*Parthenocissus tricuspidata lowi*) (4)

A small-leaved Boston Ivy that grows rapidly, but does not make a mass effect. The leaves are small and palmlike, and turn into a reddish-gold color in the autumn.

.20	.60
-----	-----	-------

Ampelopsis veitchi (*Parthenocissus tricuspidata veitchi*). Boston Ivy (4)

Deciduous, close clinging vine, especially suited to cover masonry walls. The pointed leaves, besides making a desirable pattern, turn bright colors in the fall.

.12	.40	1.85
-----	-----	------

AMYGDALUS alba nana (*Prunus glandulosa*).

Dwarf White Flowering Almond (3)

Deciduous shrub 3 to 5 feet high deserving a prominent place in the planting because in spring before the leaves appear it is a mass of dainty double pure white flowers. Very hardy.

.15	.40	1.65
-----	-----	------

Amygdalus rosea nana (*Prunus glandulosa*).

Dwarf Pink Flowering Almond (3)

This is a heavy seller in the spring. Containers showing the plants in bloom never fail to attract attention. Like the White Almond except the flowers are dainty pink. Very hardy.

.15	.40	1.65
-----	-----	------

ANTIGONON leptopus. Rosa de Montana, Queen's Wreath,

Coral Vine (9)

Rapid climbing vine especially adapted to the warmer sections because it makes quick growth and blooms freely. Flowers are bright pink.

.17½	.50
------	-----	-------

ARALIA elegantissima (*Dizygotheca elegantissima*) (9)

An evergreen shrub that lends an exotic touch to any planting. Its dull, deep green, heavily serrated leaves fit in well with modern trend in architecture.

.....	1.50
-------	------	-------

Aralia papyrifera (*Tetrapanax papyrifera*). Rice Paper Plant (9)

A shrub or small tree used for a tropical effect. Leaves are silvery-green and very large. Good tub specimen for patios.

.15	.40	1.65
-----	-----	------

Aralia sieboldi (*Fatsia japonica*). Glossy-leaved Rice Paper Plant (9)

Dwarf growing evergreen shrub. Foliage deep green and glossy. Makes an excellent plant for patio planting in open ground or pots. Prefers some shade.

.15	.40	1.65
-----	-----	------

ARBUTUS unedo. Strawberry Tree (8)

Hardy, evergreen shrub growing 8 to 10 feet with serrated, deep green leaves and brilliant red fruit in winter similar to strawberries. Creamy white, bell-shaped flowers appear in early spring. Sells best in spring and fall. See picture on page 25.

.15	.40	1.65

BAUHINIA purpurea . Orchid Tree (10) This desirable small tree produces a profusion of orchid-like flowers in the spring. Although we take utmost care to select seeds from plants having the true orchid color flower, variations might appear due to cross pollinization by birds and insects.....	.17½	.45	1.85
BEAUMONTIA grandiflora . Easterlily Vine, Herald's Trumpet (10) A fast growing, truly individualistic, evergreen vine; excellent for tropical effects with beautiful, large, dark green leaves, and fragrant, showy, trumpet-shaped, white flowers.....	.20	.50	1.75
BELOPERONE tomentosa . Shrimp Plant, False Hops (10) Dwarf, everblooming, evergreen shrub making a mass of shrimp- like flowers consisting of terra cotta colored scales overlapping to appear like a shrimp. The flowers peek out from under, and are white with purple spots. Sun or light shade.....	.15	.35
BERBERIS thunbergi (3) Small shrub highly valued for its neat, dark green, compact foliage. Deciduous and hardy.....	.12	.35
Berberis thunbergi atropurpurea . Japanese Barberry (3) Beautiful bronzy-red foliage on a compact medium size shrub. Hardy and popular.....	.15	.40	1.65
BIGNONIA chamberlayni (Anemopaegma chamberlayni) Yellow Trumpet Vine (7) Strong growing, evergreen vine with clusters of showy, yellow- orange, trumpet shaped flowers. An ideal cover for fences, etc., where it is desirable to get a quick cover. Self supporting.....	.17½	.45	1.85
Bignonia cherere (Phaedranthus buccinatorius). Scarlet Trumpet Vine (10) A beautiful evergreen vine that will stand slight frosts. Makes a heavy, verdant cover and large sprays of huge trumpets 4 to 5 inches long and 2 inches wide. Bright red with a yellow tube. The cuttings for these are taken from the best large leaf type. Do not confuse this one with those commonly offered.....	.17½	.45	1.85

	2-in. Pot	1-Gal.	5-Gal.
Bignonia speciosa (Clytostoma callistegioides) (10) Evergreen tendril climbing, neat appearing vine. Lavender flowers borne during the summer.....75
Bignonia tweediana (Doxantha unguis-cati) Catclaw Yellow Trumpet (6) Hardy, deciduous vine with slender shoots that cling to any surface. Flowers bright yellow, trumpet 3 inches long and 4 inches across.....	.15	.45	1.85
Bignonia venusta (Pyrostegia ignea). Flame Vine (10) During the winter months, brilliant trumpet-shaped orange flowers hang in great masses. This evergreen vine is easy to grow and suited for warmer regions.....3" pot—30	.17½	.45	1.85
Bignonia violacea . Lavender Trumpet Vine (9) Free flowering, delightful evergreen vine for sun or shade. Not rank in growth, and lovely in spring and summer when covered with light lavender, gloxinia-like flowers. Leathery, thick leaves.....	.17½	.45	1.85
BOUGAINVILLEA Farbara Karst (10) This bougainvillea produces more blooms than any other bougainvillea. The large, brilliant red flower-bracts are produced in massive clusters most of the year. Plants bloom at an early age and create a riot of color in your sales yard.....	.25	.50	1.85
Bougainvillea brasiliensis (B. spectabilis) (10) This bougainvillea is an indescribable sight with its lavish clusters of purple flower-bracts. A semi-tropical, evergreen vine that always makes a satisfied customer.....	.25	.50	1.35
Bougainvillea California Gold (10) As its name suggests, rich, golden bracts are borne profusely for many months in the year. A fast and strong grower without much care.....	.35	.75	2.25
Bougainvillea Orange King (10) Especially beautiful with its bronzy-gold flower-bracts that are produced on graceful sprays of this very vigorous bougainvillea. One of the newer varieties. Very commendable.....	.25	.50	1.85
Bougainvillea Rose Queen (Trade Mark Registered) (10) A new introduction produced in collaboration with Evans & Reeves. A spectacular beauty that is completely covered with delicate rose-carmine blooms most of the year. A vigorous, rapid grower that requires very little care. As the name implies, it will truly be the queen of your vines.....	.40	.85	2.50
Bougainvillea sanderiana (9) Hardest bougainvillea. Grows rapidly, the top filling out with a glowing mass of purplish-magenta flower-bracts.....	.25	.50	1.85
Bougainvillea Scarlett O'Hara (San Diego) (10) The most vigorous and fast growing of bougainvilleas. Spectacular bright red flower bracts on pendulous sprays create a blaze of color. This variety has proven to be one of the most hardy.....	.25	.50	1.85

BOUGAINVILLEA TEXAS DAWN (Trade Mark Registered) (10)

We pay deserved tribute to our collaborators, Evans and Reeves, in introducing this new development. And it is with a great deal of pride that we present it to you. For, in Bougainvillea Texas Dawn, we have a ravishing beauty . . . one that will become the favorite of them all, according to horticulturists who have seen it. Highly spectacular, this vine is peculiar for the myriad of Tyrian rose, gracefully formed bracts it suspends from long, arching sprays. Too much cannot be said of the shade of rose that colors the bracts—only the delicate pink of a dawn sky can begin to describe it. Other features of this new beauty are: Its fast growth, with ability to maintain its symmetry and its demands for little or no care. Practically ever-blooming, the new Bougainvillea Texas Dawn furnishes a blaze of color most of the year. See color illustration on back cover.

Bouvardia Fire Chief (10) This low growing shrub has clusters of bright red, tubular flowers which bloom most of the year. Takes full sun or semi-shade. Produces the brightest red flowers of all bouvardias. See picture on page 32.....	.20	.60
Bouvardia Pink (10) Clusters of delicate pink flowers make this small shrub unusually colorful. Prefers sun or partial shade.....	.15	.45
BRACHYSEMA lanceolatum . Scimitar Plant (9) Small, compact, evergreen shrub. unusually beautiful during the spring when it is covered with quantities of red flowers resembling sweet peas20	.50
BRUNFELSIA calycina eximia (9) The rich purple flowers fade each day to lighter shades and each new shade is as beautiful as the one before. This compact symmetrical evergreen shrub is always a source of comment.....	.25	.50
Brunfelsia calycina floribunda . Yesterday, Today and Tomorrow (9) A very fine shrub for specimen planting for spring bloom. Has attractive foliage and flowers are sweetly scented. Open deep violet and fade to light violet or white. Sun or shade. (See picture page 37.).....	.20	.50	1.75
BUDDLEIA "Charming" . Lavender-pink Butterfly Bush (7) All through late summer and autumn this spectacular buddleia produces long sprays of lavender-pink flowers often 15" in length. Delightfully fragrant. Will attain a height of 6-8 feet. Deciduous.....	.15	.40
Buddleia colvilei kewensis . Rose-pink Butterfly Bush (7) In the spring it bears massive panicles of large white-eyed, rose-pink flowers. The foliage is silvery-green. The flowers are borne on terminal shoots of the preceding year's growth. This buddleia eventually becomes quite large. Deciduous.....	.15	.40
Buddleia Fascinating . Pink Butterfly Bush (7) This beautiful buddleia bears long spikes of graceful cattleya-pink blooms during late summer and fall. The more they are cut, the more new spikes of flowers appear. Deciduous.....	.15	.40
Buddleia Hartwegi . Lilac Butterfly Bush (7) Fast growing, medium to tall shrub producing long, tapering spikes of fragrant lilac-like and lilac colored flowers. The foliage is olive-green. Deciduous15	.40
BUXUS japonica . Boxwood (8) Because of its close growing habit, small leaves of good color and the fact that it withstands shearing better than most plants, boxwood becomes the finest shrub for use in hedges, topiary (globes, pyramids, etc.), and specimen plantings. Flats\$3.50 Globe—5-gal.\$1.75 1-gal.35 Pyramid—5-gal. 1.75			
CALADIUM esculentum (<i>Colocasia esculenta</i>). Elephant's Ear (10) A tuberous plant from the tropics. Its large, bright green leaves are spectacular. Some attain a length of 3 ft. Prefers rich soil and partial shade—used for tropical effects in landscaping.....75	2.25
CALLIANDRA tweedi . Brazilian Flame Bush (10) Semi-tropical, evergreen shrub having a distinct, semi-lacy foliage. The flowers are attractive, scarlet-purple, fluffy balls which appear in the latter part of the spring and summer.....	.20	.50	1.75
CALLISTEMON lanceolatus (<i>C. citrinus splendens</i>). Bottlebrush (8) This unique, evergreen shrub bears rich red flowers that resemble the bottlebrush. It blooms several times a year. The new foliage has amber-pink tones which become a shiny green as it ages.....	.20	.50	1.75
Callistemon rigidus . Rigid Bottlebrush (8) Hardy variety suited to more exposed positions. Sun; withstands wind quite well. Stiff, narrow foliage with bright red flowers in spring12	.40	1.65

	2-in. Pot	1-Gal.	5-Gal.
Callistemon viminalis. Weeping Bottlebrush (8) Tall slender shrub or small tree with slender, semi-weeping branches. Cascades of bright scarlet bottlebrush blooms. Grows in sun.	.12	.40	1.65
CALODENDRUM capense. Cape Chestnut (10) Evergreen tree from South Africa. This very popular ornamental and shade tree produces a profusion of large panicles of rose-lavender blooms in early spring.	2.25
CAMPHORA officinalis (Cinnamonum camphora). Camphor Tree (8) The standard tree in many communities. Uniform, light green foliage becomes colorful with the bronzy-red new growth. Dark grey to black trunk and branches very attractive.	.15	.40	1.85
CAMP SIS grandiflora (Tecoma grandiflora). Trumpet Creeper (7) Large, trumpet-shaped flowers of brilliant scarlet-orange are produced in great clusters in the spring and summer. This fast growing vine will grow anywhere. Large, deeply serrated leaves also add to the beauty of this vine. Grown from seeds.	.15
CARISSA grandiflora. Natal Plum (10) Exceptionally fine evergreen ornamental of neat growing habit. Almost continuously sprinkled with its waxy, white flowers. The bright green glossy foliage and fragrant flowers help make this an excellent all-round plant	.15	.40	1.65
Carissa grandiflora prostrata. Prostrate Natal Plum (10) Low spreading shrub. Good for banks and ground covering. Like the above in every respect except in the habit of growth. Excellent foliage shrub	.17½	.45	1.75
Carissa grandiflora prostrata Tuttlei (10) Definitely superior as its rich green foliage is very compact and very prostrate. This variety originated at the Tuttle Bros. Nursery in Pasadena, California	.17½	.45	1.75
CASSIA artemisioides. Feathery Cassia (9) A grand, little shrub for dry, sunny places where the rounded form of feathery, silvery, grey foliage and bright yellow, fragrant flowers show to advantage. Will stand dry, almost desert conditions, with little water, and is equally useful in the coastal areas as well.	.17½	.45	1.65
CEANOTHUS arboreus. Catalina Ceanothus (9) Either a large shrub or small tree that has large, slate-green leaves and large clusters of lavender-blue flowers.50
Ceanothus cyaneus. San Diego Ceanothus (9) This lilac has dark green, shining foliage and lustrous spikes of intense blue flowers.50
Ceanothus gloriosus. Point Reyes Lilac, Prostrate Ceanothus (9) A low growing, evergreen shrub with thick, leathery leaves producing bright, blue flowers in the spring. Highly desirable for ground cover60	1.75
Ceanothus griseus horizontalis. Horizontal California Lilac (9) A low, creeping variety. Its light green foliage is practically hidden by spikes of deep blue flowers in March and April.75	2.25
Ceanothus Mountain Haze. California Lilac (9) This new hybrid is exceedingly versatile and capable of standing dry weather and poor soil conditions. Yet ordinary garden culture, with more water than the old species can stand, leaves this beauty dark green and healthy, winter and summer. During April and May the shrub is a mass of flowers, in smaller clusters than Sierra Blue, but borne in greatest profusion all over the branches. At a little distance this brilliant blue mass blends with the dark green foliage to produce the effect which gave the hybrid its name, Mountain Haze. This variety may also be pruned to a desired height and can be used as a hedge. Hybridized by Dr. Walter E. Lam-merts	.30	.75	2.25
Ceanothus purpureus (9) Through late spring and summer this shrub displays unusually deep dark blue colored flowers. Especially prostrate with deep green leathery leaves. Very desirable75	2.25

CEANOTHUS SIERRA BLUE (Described below)

Ceanothus Sierra Blue. California Lilac (9) The amazing thing about Sierra Blue is the size and brilliance of its blooms. Flower clusters actually become as large as those of the eastern lilac, yet they have a fluffiness and perfection all their own. The color, as you can see by the illustration (above), is a sharp, bright blue, a most pleasing color in any planting scheme. The plants are dark green and grow the year around, making themselves appreciated every day, but during April and May you and your friends will scarcely be able to pass them by without stopping to admire the constant succession of big, blue flower clusters. Hybridized by Dr. Walter E. Lammerts.....	2-in. Pot	1-Gal.	5-Gal.
	.30	.75	2.25
CEDRUS —See Conifer Section, page 17.			
CELASTRUS scandens. False Bittersweet (3) A deciduous shrub with somewhat twining growth. Its orange berries that appear in the fall are most attractive. Excellent for holiday decoration40
CERATONIA siliqua. Carob, St. John's Bread Tree (8) An excellent, long 'ived, deep rooted tree of medium size. The round head of deep green foliage is always attractive. Makes dense shade; never becomes large. A fine street tree.....	.17½	.45	1.85
CERATOSTIGMA larpentiae (C. Plumbaginoides). Dwarf Blue Plumabo (3) Low shrub or woody perennial making a creeping growth not over 6 or 8 inches. For semi-shade or sun where it covers itself with brilliant rich blue flowers in fall or late summer.....	.15	.40

	2-in. Pot	1-Gal.	5-Gal.
Ceratostigma willmottianum. Dwarf Plumbago (8) Low-growing shrub with clusters of intensely blue flowers produced most of the year.....	.17½	.45	1.65
CESTRUM elegans. Red Cestrum (10) Medium to large shrub, in many ways resembling a large fuchsia with excellent, soft green foliage and clusters of red, tubular flowers. Large red berries. Sun or partial shade.....	.15	.40
Cestrum parqui. Night Scented Jasmine (10) By day just an ordinary, dense growing shrub with pleasant, light green foliage and insignificant, light yellow, tubular flowers but by night one of the most strikingly fragrant shrubs grown in this region.....	.15	.40
CHAMAECYPARIS —See Conifer Section, pages 17-18.			
CHAMAELAUCIUM ciliatum. Geraldton Wax Flower (10) Medium to large shrub with graceful, arching branches covered with heather-like foliage and showy sprays of waxy, rose colored flowers. Long lasting as a cut flower.....	.17½	.50	1.65
CHOISYA ternata. Mexican Mock Orange (7) A very fine, hardy shrub with glossy, green leaves of three leaflets each, and fragrant, white flowers in a showy cluster. Specimens densely globular. Sun or shade.....	.17½	.50	1.85
CHORIZEMA varium. Flame Pea Shrub (9) Low growing, dense shrub with dark green, smooth edged leaves and showy sprays of pea shaped flowers in winter and spring. Flowers are bright orange-red and reddish purple. Sun.....	.15	.40
CISSUS capensis (Vitis capensis). Evergreen Grape (10) This semi-tropical, evergreen vine is definitely picturesque with its luxuriant, deep green foliage. It grows fast, covering a large area. Its beauty is enhanced by reddish-black, edible grapes. Creates the tropical effect needed for modern architecture.....	.20	.50	1.85
Cissus hypoglauca (Vitis hypoglauca) (10) Fast growing, evergreen vine. Glossy leaves of 5 leaflets 4 inches long. Sharp-toothed17½	.45	1.85
Cissus rhombifolia (Vitis rhombifolia). Evergreen Grape (10) For a foliage vine this is hard to beat. Glossy, rich green leaves of 3 leaflets set close along the twining stems. Used often as a pot plant for indoor decoration or outdoors in either sun or shade. Easy to grow.....1-gal. Bush Type—.40	.15	.45	1.85
CISTUS corbariensis (C. hybridis). White Rock Rose (8) Small, free-flowering evergreen shrub. Soft ivory-white. Excellent for banks and windy location.....	.15	.45	1.65
Cistus Doris Hibberson. Pink Rock Rose (8) Attractive, compact, evergreen shrub with delicate, clear pink flowers. Will withstand much abuse. Especially adapted for sunny, dry locations20	.60	1.85
Cistus ladaniferus maculatus. Brown Eyed Rock Rose (8) Low, spreading shrub with deep green, narrow foliage and covered with large, white flowers. Each petal shows a prominent, deep brown spot at the base. For dry soil and sun.....	.15	.45	1.65
Cistus purpureus. Orchid Rock Rose (8) Compact, evergreen shrub with neat habits of growth. Flowers are rose-purple, with yellow base and maroon spots.....	.17½	.45	1.65
CITRUS calamondin. Philippine Lime (9) Dwarf shrub with light green, small leaves, fragrant, white flowers followed by round, orange-red fruits 1½ inches in diameter. Makes an excellent marmalade. Most resistant to cold of any citrus.....	.17½	.50	1.85
Citrus Meyer Lemon. Dwarf Lemon (9) Perhaps the finest ornamental shrub of the citrus family. Makes a rounded, medium size shrub with excellent foliage and fragrant lavender to white flowers. Produces lemons of table quality almost the year round5-gal. Espalier—\$4.50	.17½	.50	1.85

	2-in. Pot	1-Gal.	5-Gal.
Citrus Rangpur Lime (9) A splendid combination fruiting ornamental. Beautiful, orange-red fruits that are tangerine shaped. Dwarf.....	.17½	.50	1.85
CLERODENDRUM bungei (C. foetidum). Kashmir Bouquet (9) Dwarf, spreading shrub with fairly large, deep green, toothed leaves and fragrant clusters of rose red flowers 4 to 8 inches across in ball shaped heads.....	.17½	.50	1.75
CLETHRA alnifolia rosea . Sweet Pepperbush (4) Evergreen shrub or small tree, having a refined appearance. The dainty, fragrant flowers of clear pink are produced on long panicles.....60
Clethra arborea . Lily of the Valley Tree (10) Large, evergreen shrub or small tree for partial shade. Leaves large, 4 inches long and deep green and leathery. Flowers in long panicles, each resembling Lily of the Valley.....	.17½	.50	1.95
CLIANTHUS puniceus . Parrot's Beak (10) Rare and attractive semi-climbing vine that bears brilliant crimson flowers that resemble lobster claws or parrots' beaks.....60

See Page 24 for Our Special Ornamental Package

COCCULUS laurifolius (9) The glistening, green leaves which are heavily veined and its graceful, arching manner of growing make this hardy, evergreen shrub highly desirable17½	.50	1.75
COIX lacryma jobi . Job's Tears (9) A curiously animated grass that is desirable for modern architecture. The corn-like leaves and hanging clusters of pearly white seeds are very effective.....	.17½	.50
CONVOLVULUS cneorum (9) An erect, compact shrub obtaining a height of 2-3 feet. The leaves have a silver appearance. Small, white flowers are edged with pink. Requires considerable sun.....	.15	.45
Convolvulus mauritanicus (9) Trailing perennial making compact mounds of grey green foliage and covered from spring to fall with inch-wide lavender blue flowers. For rockeries, hanging baskets, porch boxes, or the perennial border. Sun12	.40
COPROSMA baueri . Mirror Plant, Looking Glass Plant (10) A medium size shrub planted mostly for the extremely glossy deep green foliage. Adaptable to all but the coldest areas.....	.12	.40	1.65
CORREA neglecta (9) A very attractive, neat growing small shrub that produces long, tubular flowers of orange-scarlet during midwinter.....60
Correa pulchella (C. Speciosa) (9) Compact shrub growing to a height of 2½ feet, but spreading considerably more with small, grey-green leaves and wide, flaring pink flowers resembling small bells. Plant in sun in a well-drained soil.....50
CORTADERIA selloana (Cynarium argenteum). Pampas Grass (9) This grass forms a mass of heavily serrated leaf blades. During the fall, the entire shrub is covered with large, handsome white plumes. Grows in most any soil. Especially suitable for warm, dry climates15	.40
COTONEASTER adpressa . Creeping Cotoneaster (6) Low, spreading shrub with small attractive, bright green leaves. Practically evergreen. Red berries are produced in the fall.....50	1.75
Cotoneaster apiculata . Cranberry Cotoneaster (4) Horizontally spreading shrub having red berries that are retained well into winter. Used for bank planting.....50	1.75

Cotoneaster glaucophylla (White Leaved Cotoneaster) (6) A plant of varied uses. Its many small, gray-green leaves serve to give this plant a place in the garden as an accent shrub. It may be allowed to grow into its natural, graceful form or pruned into a very formal hedging	2-in. Pot	1-Gal.	5-Gal.
	.15	.50	1.75
Cotoneaster horizontalis (C. Davidiana). Rock Cotoneaster (5) Low, spreading shrub with arching stems lined with small, round leaves. White flowers in spring are followed by bright red berries in fall and winter. In fall the leaves turn bright red. For the rock garden or as a bank cover in dry, sunny places.....	.15	.40	1.65
Cotoneaster pannosa . Silverleaf Cotoneaster (6) Medium size shrub with small, silvery-grey leaves with lighter undersides. White flowers followed by bright red berries in fall and winter. Grows well anywhere from coast to desert areas.....	.12	.40	1.65
Cotoneaster parneyi . Red Clusterberry (7) Large growing shrub with luxuriant deep green foliage the year around. Brilliant red berries. Most popular cotoneaster and one of the finest shrub for landscape planting.....	.12	.40	1.65

BOUVARDIA FIRE CHIEF (See page 27)

CROTALARIA agatiflora . Canarybird Bush (10) Large shrub, foliage light green and long arching branches lined with chartreuse flowers which resemble very closely canary birds. Sun17½	.45	
CUPRESSUS —See Conifer Section, page 18.			
CYDONIA japonica rosea (Chaenomeles rosea). Pink Flowering Quince (4) Large, pink flowers appear in January, February and March on this deciduous shrub.....	.17½	.45	1.65

Cydonia japonica rubra (Chaenomeles rubra).

Red Flowering Quince (4)

This is the earliest deciduous shrub to flower. In California, deep red flowers appear in January and February before the leaves appear. It has handsome, glossy foliage throughout the summer.

2-in. Pot 1-Gal. 5-Gal.

.17½ .45 1.65

Cydonia japonica scarlet (Chaenomeles Scarlet) (4)

Unusual large, cup-shaped, bright scarlet flower on this deciduous shrub. Blooms midwinter in California.

.17½ .45 1.65

.15 .40 1.65

Diosma reevesi. White Breath of Heaven (10)

Like the Pink Breath of Heaven with dark green foliage and star-shaped white flowers in spring. Sun. Not quite as hardy as the Pink Diosma.

.15 .40 1.65

DISTICTIS lactiflora (D. Cinera). Vanilla-scented Trumpet Vine (10)

Excellent vine for milder regions. The trumpet-shaped flowers of rich purple cover this vine most of the year. It also has a delightful vanilla fragrance.

3" pot—.35 .20 .50 1.95

Distictis Rivers. Royal Trumpet Vine (Plant Pat. No. 554) (10)

A most attractive trumpet vine having flowers with rich purple petals on a brilliant yellow tube. The leaves are large and glossy; the flowers are sweetly fragrant.

3" pot—.5075 2.75

DRACAENA indivisa (Cordylina indivisa). Dracaena Palm (9)

Small tree of the lily family with leaves like yucca, long narrow sword-shaped and plumes of creamy white flowers when blooming. Used for desert or tropical effects. Sun.

.15 .40 1.65

DURANTA stenostachya. Brazil Skyflower (10)

Medium to large shrub with arching branches covered with an attractive light green, glossy foliage and racemes of light blue flowers all summer. Sun or partial shade.

.15 .40 1.65

ELAEAGNUS philippensis (8)

A graceful, silver-leaved plant suitable for either specimen or foundation use. The flowers are not spectacular, but are followed by attractive, bright red fruit.

..... .60

Elaeagnus pungens. Silverberry (8)

A large spreading shrub that has its stems and leaves covered with frosty shiny scales. The large silver-bronze berries also have a frost-like tint.

.15 .40

ERICA codonodes alba (E. lusitanica). White Heather (9)

An upright heather covered with lavish sprays of white, bell-shaped flowers in early spring. One of the hardiest heathers.

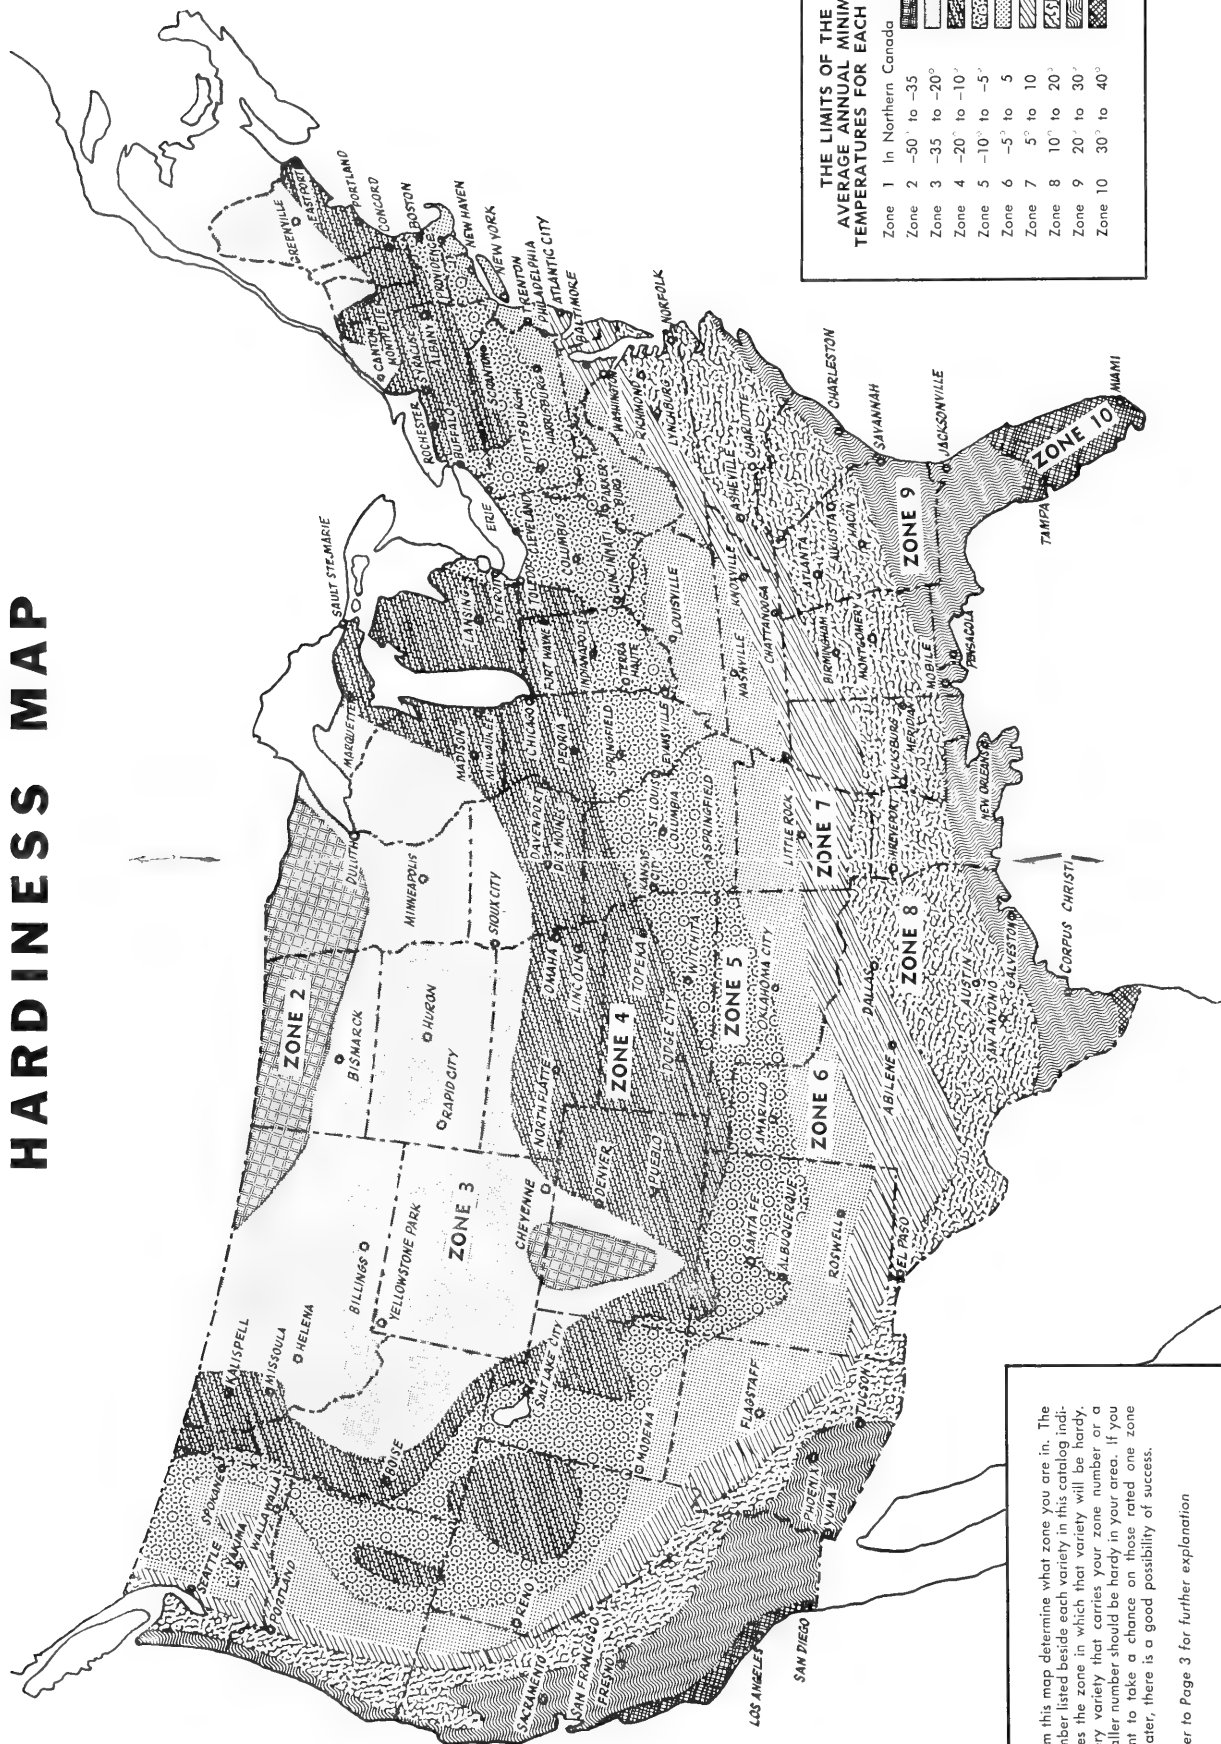

.17½ .50 1.75

Erica cruenta. Dwarf Scarlet Heather (9)

Distinctive, blood-red, tubular flowers produced on long spikes during fall and winter.

.17½ .50 1.75

HARDINESS MAP

From this map determine what zone you are in. The number listed beside each variety in this catalog indicates the zone in which that variety will be hardy. Every variety that carries your zone number or a smaller number should be hardy in your area. If you want to take a chance on those rated one zone greater, there is a good possibility of success.

Refer to Page 3 for further explanation

	2-in. Pot	1-Gal.	5-Gal.
Erica hieliana (E. hyemalis). Orange-red Heather (9) One of the showiest, flowering, evergreen shrubs for late winter and spring. Heath-like, dark green foliage and spikes of bright, reddish-orange, tubular flowers each about an inch long. Low growing.....	.17½	.50
Erica John McLaren . Pink Heather (9) Of the same type as hieliana but flowers are a lovely shade of pink. Low, compact shrub. Blooms twice a year.....	.17½	.50	1.75
Erica Mediterranea Hybrid (8) Rose-lavender, bell-shaped flowers that bloom in winter and early spring are borne profusely along the branches.....	.17½	.50
Erica melanthera rosea . Pink Scotch Heather (9) Medium to tall evergreen shrub with fine, billowy masses of tiny leaves and equally numerous rosy-pink flowers with black "eyes". Hardy. Plant in sun and well drained soil. Most popular heather.....	.17½	.50	1.75
Erica melanthera rubra . Red Scotch Heather (9) Deep, rose-red flowers that bloom from October to February. Plant in sun and well drained soil. A very choice shrub.....	.17½	.50	1.75
Erica President Felix Faure . Pink Heather (9) Very choice heather of the hieliana type with deep green foliage and long, tubular flowers of orchid-pink. Low and compact.....	.17½	.50
Erica persoluta rosea (9) Rounded in form and erect in habit, this attractive shrub bears racemes of dainty, pink bells from early February to April. Withstands considerable exposure.....	.17½	.50
Erica vagans Mrs. D. F. Maxwell (9) The mild, green, feathery foliage is enhanced by cone-like spikes of bright, tubular, rose-red flowers that appear in early spring. Upright, medium sized shrub. New and promising.....	.17½	.50
ERIOBOTRYA japonica . Loquat (9) Small to medium size tree with large, dark green leaves making dense shade and pear shaped, yellow, edible fruits. A good subject for espalier work.....	.15	.40	1.65
ERYTHRINA bidwilli (10) A hybridized Erythrina resulting in exotic, red, bird-like flowers that bloom in the summer. The plant itself is very fascinating.....75	2.25
Erythrina crista-galli . Coral Tree (10) Semi-deciduous, woody shrub with small trunk. Long spikes of pear shaped, brilliant red flowers.....	.17½	.45

See Page 24 for Our Special Ornamental Package

ESCALLONIA C. F. Ball (7) An evergreen shrub with glossy, green leaves, bearing bright red flowers. A hardy shrub.....	.15	.40	1.65
Escallonia montevidensis (8) Medium to large, evergreen shrub with excellent, light green foliage and masses of single, white flowers in showy heads in summer. Very reliable shrub for landscape planting. Sun.....	.15	.40	1.65
Escallonia organensis (8) Regarded as one of the best of this fine family of evergreen shrubs. Medium size, very bushy and well clothed with narrow, bronzy green leaves and clusters of appleblossom-like flowers white and pink. Very free blooming.....	.15	.40	1.65
Escallonia rubra . Red Escallonia (8) Medium to large, evergreen shrub with deep green, glossy foliage and clusters of bright red, tubular flowers with spreading petals. Makes an excellent specimen plant. Prefers shade.....	.15	.40	1.65
Escallonia Wm. Watson (7) A new, compact, evergreen shrub with especially distinct, ruddy-erise flowers. Has the hardy, vigorous characteristics of all escallonias.....	.20	.50	1.65
EUCALYPTUS caesia (9) A slender tree obtaining a height of 15 feet. Its weeping branches continually bear rose-pink flowers which contrast well with its silvery-gray foliage and white branches.....75	2.25

BRUNFELSIA CALYCINA FLORIBUNDA (See page 27)

Eucalyptus citriodora. Lemon Scented Gum (10) Tall, strong growing tree with picturesque smooth trunks with peeling bark, long, pointed, lemon scented leaves and white flowers. Widely planted and characteristic of California landscapes.....	2-in. Pot .15	1-Gal. .40	5-Gal. 1.85
Eucalyptus ficifolia. Scarlet Flowering Gum (10) Small to medium sized evergreen tree, much used for street planting and as a specimen for the showy masses of bright red flowers. The leaves are dark green, pointed and leathery. We do our utmost to secure seeds from plants having the brightest red flowers, but variations will appear due to cross pollinization.....	.15	.40	1.85
Eucalyptus globulus. Blue Gum (10) Tall growing tree much used for windbreaks, etc. New foliage is bright blue green; mature leaves deep green.....35	1.65
Eucalyptus globulus compacta. Bushy Blue Gum (10) Dwarf, compact growing tree producing dense, blue-green masses of foliage. Used for background planting and windbreaks. Flats—\$3.50	.15	.35	1.65
Eucalyptus polyanthemos. Redbox Gum (8) A tall growing, open headed tree having handsome greyish-blue, leaves. Resistant to much frost and drought. The foliage is especially valuable for decorative purposes.....	.15	.40
Eucalyptus pulverulenta (8) Small tree with bluish foliage. Contrasts very well in any ornamental planting. Excellent for cutting and floral makeup.....	.15	.40	1.85
Eucalyptus rostrata. Red Gum (8) A rapid grower with long narrow leaves. This tree endures much heat and drought15	.40	1.85
Eucalyptus rudis. Desert Gum (8) Tall growing tree suitable for desert areas.....	.15	.40	1.85

	2-in. Pot	1-Gal.	5-Gal.
Eucalyptus sideroxylon rosea (9) Medium size tree with brownish red, rough bark and long, pointed, dark green leaves. Flowers in large clusters, pink. Profuse blooming	.15	.40	1.85
Eucalyptus viminalis . White Gum (8) A fast growing tree that sheds its bark leaving a smooth, white trunk. Has a widespreading crown with long, narrow-leaved branchlets	.15	.40	1.85
EUGENIA Armstrong (Pat. Pending) (9) A compact grower with green, glossy leaves, suitable for colder climates. Will fit many garden spots unsuited for the older and larger growing <i>Eugenia myrtifolia</i> . Requires very little pruning. Introduced by Armstrong Nurseries. Limited quantity.....3" pot—	.50	.75
Eugenia edulis (<i>Myrciaria edulis</i>). Cherry of Rio Grande (10) Evergreen tree having rusty, willow-like (pubescent when young) leaves. Orange or yellow fruit the size of a plum. Commonly used ornamentally for habit of growth, foliage, or fruit which is very showy75	1.95
Eugenia myrtifolia (<i>E. Paniculata Australis</i>). Brush Cherry (10) Close growing, evergreen shrub or small tree much used in landscape planting for clipped hedges or as tall clipped pyramids for accent. Leaves dark, bronzy green, new growth red; flowers fluffy, white followed by red berries.....Flats—\$3.50	.15	.40	1.85
EUONYMUS japonicus . Green Euonymus (5) Medium size shrub with rounded, glossy, evergreen leaves. Will stand shearing well. Hardy.....	.15	.35	1.65
Euonymus japonicus aureo-marginatus . Golden Euonymus (5) Dwarf, compact growing, evergreen shrub. Rounded leaves dark green with an irregular bright golden margin.....	.15	.40	1.65
Euonymus japonicus aureo-variegatus . Golden Variegated Euonymus (5) Leaves yellow in the center with a dark green margin. Medium sized shrub.....	.15	.40	1.65
Euonymus japonicus grandifolia (5) Very similar to the <i>Euonymus japonicus</i> except that the leaves are much larger. This shrub can withstand the most varying temperatures	.15	.40	1.65
Euonymus japonicus microphyllus (<i>E. Pulchellus</i>) (5) A very desirable dwarf growing euonymus which is suitable for small hedges15	.40	1.65
Euonymus Silver Queen (5) Foliage very attractive with rounded leaves of light green surrounded with a silver margin. Medium size.....	.15	.40	1.65
FATSHEDERA Lizei . Botanical Wonder (9) A bigeneric hybrid between <i>Fatsia</i> (<i>Aralia</i>) and <i>Hedera</i> . Semi-climbing and large, glossy leaves similar to <i>hedera</i> . Makes a good subject for espalier on walls in shade or partial shade.....	.20	.50	1.75
5-gal. Espalier.....\$3.50			
5-gal. 2 Stakes.....\$2.25			
FEIJOA Pineapple Gem (9) A grafted Pineapple Guava that is unsurpassable in fruit, flower and foliage. The fruit is larger, more colorful and more juicy and with a definite pineapple flavor. Its silvery-green foliage and large, red flowers in spring make it a showy specimen.....	2.50
Feijoa sellowiana . Pineapple Guava (8) Fast growing, tall, evergreen shrub with grey-green foliage and waxy, white flowers with bright red central cluster of stamens. Fruits pale green, edible.....	.12	.40	1.65
FICUS benghalensis . Banyan Tree (10) This native of India serves well as a shade tree in subtropical work because of its large, interesting leaves. It has round, red fruit which is borne in pairs. One of the most interesting features of this tree is the way it develops new trunks from aerial roots.....	.25	.75

	2-in. Pot	1-Gal.	5-Gal.
Ficus nitida. Indian Laurel (10) Very refined plant having thick, rubbery leaves. Fine for patios, parkways.....5-gal. Staked (6')—\$2.25	.17½	.50	1.75
Ficus religiosa. Bo Tree (9) The sacred tree of India. Of slow growth, but makes an excellent small tree for yard planting. Noted for its poplar-like leaves which have long tail-like appendages.....	.25	.75
Ficus repens (F. pumila). Creeping Fig (9) Close growing, clinging, evergreen vine. Leaves rounded, about 1 inch long. For sun or partial shade.....	.15	.40
FORSYTHIA Dwarf Arnold (5) Beautiful, golden yellow flowers fill the suspending branches in early spring. Very desirable because it is more dwarf than other varieties20	.50
Forsythia intermedia. Golden Bells (5) Bright, golden-yellow flowers are produced in the spring. This is a rapid growing shrub with pendulous branches. It requires considerable space for growing as it must be left to grow naturally to attain its greatest beauty.....	.15	.40	1.65
Forsythia Spring Glory (5) Undoubtedly the loveliest of all Golden Bells. During the early spring, the brilliant yellow flowers completely cover the branches and wherever planted, will definitely be attractive and colorful. A vigorous, sturdy grower that needs little care.....	.15	.40	1.65
FRAXINUS Uhdei. Shamel Ash (9) Medium size, slender, evergreen tree excellent for street planting or as a shade tree because of its clean habit. Leaves long, glossy green. Introduced from Mexico.....	.15	.45	1.85
FREMONTIA mexicana. San Diego Fremontia (9) A large, native shrub with gray-green foliage. During the winter season it is covered with large glistening orange-yellow flowers. Hardy75
GARDENIA Mystery (9) The demand is continually on the increase for this truly superior shrub. Glossy, green leaves, bushy and compact, it produces large, creamy-white, fragrant flowers during spring and summer. Prefers the sun and slightly acid soil. (See picture, page 46.).....	.17½	.50	1.85
Gardenia veitchi. Everblooming Gardenia (9) Profuse blooming gardenia with foliage and flowers smaller than that of Mystery, compact shrub. For sun or partial shade and acid soil17½	.50	1.85
GELSEMIUM sempervirens. Carolina Jessamine (7) Evergreen, twining vine. Foliage luxuriant, light green. Flowers trumpet shaped, yellow and fragrant, making quite a show in late winter. Excellent ground cover.....	.17½	.45	1.85
GENISTA racemosa (Cytisus racemosus) (8) Popular, compact shrub doing equally well along the coast or inland. Its golden flowers add considerable color in late spring. An improvement over Genista fragrans—more compact. Picture, page 48....	.15	.40	1.65
GINKGO biloba. Maidenhair Tree (4) A very tall-growing, spreading tree having light green, strangely dissected leaves, not easily affected by disease, dust, or smoke. The leaf pattern on this tree makes it different.....	.20	.60	1.95
GREVILLEA robusta. Silk Oak (9) Tall tree making a narrow, columnar head of fern-like, dark green leaves and candelabras of bright, orange-yellow flowers in spring. This is the tree shown on Chinese pottery.....	.12	.40	1.85
GREWIA caffra (10) Fast growing, natural espalier plant with light green foliage. Lavender, star-shaped flowers with yellow centers are in bloom a great part of the year.....5-gal. Espalier—\$4.50	.17½	.45	1.75

	2-in. Pot	1-Gal.	5-Gal.
GUAVA Red Strawberry (<i>Psidium cattleianum</i>) (10) Medium size, evergreen shrub bearing clusters of small, round, dark red fruits. Used in making jellies.....	.12	.40	1.65
Guava Yellow Strawberry Improved (10) This large, glossy-leaved, evergreen shrub is not only important for its beauty as an ornamental, but is in great demand for its edible, strawberry-flavored fruit. The bush is compact and the large, glossy leaves give it that "tropical look" that is in demand.....	.12	.40	1.65
HARDENBERGIA comptoniana . Vine-Lilac (10) A fast growing vine having slender, lacy leaves with deep blue flowers50	1.85
HEDERA canariensis (<i>H. Maderensis</i>). Algerian Ivy (9) Particularly adapted to warm climates. Dark green, unusually large, leathery leaves make this evergreen vine most desirable. Used to cover masonry or as a ground cover in partially shaded places.....	.15	.45	1.85
Hedera canariensis variegated (Variegated Algerian Ivy) (9) Like the <i>Hedera canariensis</i> , but its leaves are a creamy-white and green, beautifully variegated. An especially vigorous evergreen vine....	.15	.45	1.85
Hedera hahnii . Hahn's Ivy (9) This compact growing ivy finds much use in planter boxes because of its somewhat restricted growth habit. It may be used as a bed edging or ground cover in patio work where its dark green foliage creates a restful effect.....	.15		
Hedera helix . English Ivy (6) Dark green, leathery leaves, but smaller than the <i>Hedera canariensis</i> . It is not only used as a vine and a ground cover, but may be clipped as a low, formal hedge on a support. Quite hardy.....	.15	.45	1.85
HELIANTHEMUM —See page 42.			
HELIOTROPE —See page 42.			
HIBBERTIA —See page 42.			

HIBISCUS
THE BRIDE
(See opposite
page)

HIBISCUS (10)

The demand is continually on the increase for these graceful colorful, exotic hibiscus. How perfectly they fit in the landscaping with modern architecture, creating that desirable tropical effect! M-N's hibiscus are especially grown for added vigor and top quality—every plant receives the care that makes it a sure seller in your nursery.

	2-in. Pot	1-Gal.	5-Gal.
Agnes Gault. The enormous, velvety, shrimp-pink, single flowers are the largest and showiest of all pink hibiscus. A vigorous growing, free-blooming shrub.....5-gal. Standards—\$2.25	.17½	.45	1.65
Brilliant (San Diego Red). Really an old favorite. Its vivid, crimson-red, single flowers are produced profusely most of the year. Its attractive, deep green foliage makes a good hedge.....5-gal. Standards—\$2.25	.17½	.45	1.65
Butterfly (California). Large, single yellow flowers with bright green foliage. A very heavy bloomer.....5-gal. Standards—\$2.25	.17½	.45	1.65
California Gold. A rich, single, gold color shading into carmine-orange toward the center. A good grower and profuse bloomer.....	.20	.50	1.75
Crown of Bohemia. The most popular of all hibiscus. It combines all the colors of autumn in the large, double flowers which are produced most of the year. Rich golden base tones with blends of copper and orange. The foliage is very beautiful.....	.25	.60	1.75
Kamapuaa. Large, single, yellow-cerise flowers overlaid with coral and amber and edged with gold. Foliage is especially large and attractive.....	.17½	.45	1.65
Kate Sessions. One of the largest singles. Velvety, amber-pink flowers with large overlapping petals having a crepe-like appearance.....	.25	.60	1.75
Kauai. A large, windmill type, single, rose pink. This hibiscus produces unusually good flowers during the winter season. A strong, rapid grower.....	.17½	.45	1.65
Kona (Double Agnes Gault). This is such a favorite, being the double counterpart of Agnes Gault, in the same delightful shade. Fully double in a graceful manner and more free blooming than most doubles. Splendid foliage.....5-gal. Standards—\$2.25	.17½	.45	1.65
Mme. Chiang Kai-shek. A beautiful, double, blush ivory-pink with yellow undertones. One of the hardiest.....5-gal. Standards—\$2.25	.17½	.45	1.65
Mrs. Lowery. Large, single, ruffled, apricot flowers shading into tones of cerise toward the center.....	.25	.60	1.75
Paradise Moon. Attractive and unusual, bright yellow, single flowers having snow white centers. This hibiscus is a compact grower.....	.35	1.00	2.50
Purity. Large, pure white, fragrant single flowers. Petals not overlapping, but yet very full. A compact and vigorous grower.....	.17½	.45	1.65
Red Monarch. Huge, double rosette shaped flowers of a deep crimson.....	.25	.60	1.75
Royal Red. Flowers are large, double, scarlet shaded crimson. Good foliage.....	.25	.60	1.75
Ruby Red. Beautiful, double, bright red flowers. Very profuse bloomer. One of the most hardy hibiscus. Leaves are a bright, glistening green.....	.17½	.45	1.65
Sensation. The large, single flowers are difficult to describe—so many beautiful colors all blended in one—apricot, gold, and rust. Truly a sensation. A compact, rapid growing shrub that requires little care.....	.25	.60	1.75
The Bride. One of the most popular of the hibiscus. Large, single, crepe-like textured, somewhat overlapping petals. The color of the flower is very unusual in that it opens a blush pink, but within a few hours it takes on a frosty white. The plant is a vigorous grower.....	.25	.60	1.75
Waimea. A fragrant hibiscus—white and single with slightly carmine tinted throat. Almost tulip-shaped in form. A bushy, compact grower.....	.17½	.45	1.65
White Wings. Large windmill type single flowers with white petals and carmine throat. Quite hardy and free blooming. Unusually fine foliage with spreading graceful habit.....5-gal. Standards—\$2.25	.17½	.45	1.65

	2-in. Pot	1-Gal.	5-Gal.
HELIANTHEMUM lasianthum (Halimium lasianthum). Sun Rose (7) Small, evergreen shrub very suitable for semi-arid regions, can be used for border plantings or ground cover. The foliage is a gray-green; the flowers are yellow blotched with a purple base. Blooms most of year15	.40
HELIOTROPE Black Beauty (Heliotropium arborescens) (10) Highly fragrant, deep purple flowers. Plant has unusually dark green foliage15	.40	1.65
HIBBERTIA volubilis . Gold Guinea Vine (10) A rich, luxuriant, semi-tropical vine. Large, gold-colored, single flowers create a fascinating contrast against the deep green leaves. One of the most popular vines (See picture, page 65.).....	.17½	.45	1.85

HYDRANGEAS (9)

For your many customers who demand hydrangeas of superior quality, M-N has such a selection of French hybrids that produce gigantic clusters of white, pink, and red flowers on dwarf compact bushes. To make your cash register ring often, keep a good supply on hand.

	2-in. Pot	1-Gal.	5-Gal.
Amy Pasquaar . Outstanding for its deep rose colored flowers produced in great clusters. A dwarf grower.....	.17½	.45	1.65
Hamburg . Very striking scarlet colored flowers produced in large clusters in early spring. This will blue easily.....	.17½	.45	1.65
Hortensis (H. macrophylla). Bushy shrub bearing large clusters of delicate pink flowers. This variety attains greater height and takes more sun than the French Hybrids.....	.17½	.45	1.65
Kuhnert . Very impressive mass of rose-pink flowers formed in large heads. This hydrangea is easily made to change to blue.....	.17½	.45	1.65
Merritt's Beauty . An attractive, carmine red. Very desirable habit of growth17½	.45	1.65
Revelation . This hydrangea is a bright red. Compact dwarf habit of growth. Always in demand.....	.17½	.45	1.65
Trophee . Large heads of brilliant, salmon rose flowers. One of the most popular. Dwarf, compact habit of growth.....	.17½	.45	1.65
White . Giant clusters of pure white flowers.....	.17½	.45	1.65

HYPERICUM calycinum (8)

A low growing, bushy plant, bearing large, yellow flowers from May through October. Valuable as a ground cover.....

.15 .40

Hypericum moserianum. Goldflower (8)

Low growing, rounded shrub with arching branches clothed in narrow, dark green leaves. Flowers bright golden yellow, 1 to 1½ inches across, clusters of brown stamens in the center. Plant in full sun.....

.15 .40 1.65

Hypericum patulum henryi. Goldflower (8)

Low, bushy shrub to 3 feet with light green foliage. Almost ever-blooming, it produces masses of bright light yellow flowers 1 to 1½ inches across. Yellow stamens. Stands poor dry soil very well. Sun.....

.15 .40 1.65

Hypericum Sungold (U.S. Plant Patent No. 568) (8)

A shapely, dwarf shrub which grows into an almost completely oval globe of about 3 feet in diameter. It bears its cymes of golden flowers at the end of every shoot of the summer's new growth. It flowers more freely and much longer than any of the Hypericum patulum now in general use. Its flower are larger and produced in immense quantities, transforming this lovely plant into a small mound of gold when in full bloom.....

.35 .75 1.95

ILEX aquifolium (seedling). English Holly (5)

This evergreen shrub is extremely valued for its unusual foliage and berries. Greatly used for Christmas decorations. These plants are grown from seeds and we cannot definitely state if they will produce berries

..... .60 1.95

	2-in. Pot	1-Gal.	5-Gal.
Ilex aquifolium fertilis (8) An outstanding English Holly, superior because of its self-fertility. This variety was chosen because of its superior habit of growth and berry set75	2.50
Ilex cornuta . Chinese Holly (7) One of the best hollies for California. Hardy, medium to large shrub with deep green, glossy leaves like the Christmas holly except leaves have few spines. Berries large, bright red. Sun or part shade. 3-inch .35	.20	.60	1.95
Ilex cornuta (seedling) (7) Although it has the usual glossy, holly foliage, it grows more compact and faster than <i>Ilex cornuta</i> from cuttings. Very desirable..... 5-gal Standards 4 ft.....\$4.50			1.95
Ilex cornuta burfordi . Burford Holly (See picture, page 61) (7) The most prolific bearer of large bright red berries in the Southwest. Leaves deep, glossy green almost without spines.....3" pot—.35	.20	.50	1.95
Ilex cornuta rotunda (8) A very superior compact Holly. Its naturally dense habit of growth lends itself to those small, shady areas that often become so rank with growth. Bears brilliant red berries in profusion during the holiday season20	.50
ITEA ilicifolia . Holly-leaf Sweetspire (8) Attractive evergreen shrub attaining a height of 3-5 feet. Its holly-like leaves are a deep shining green. The glistening flowers hang pendantly in clusters. It is quite drought resistant and hardy.....	.17½	.45
JACARANDA mimosaeifolia . Jacaranda (10) Medium size tree with large, fern-like light green leaves and clusters of bignonia-like lavender blue flowers in June. Widely planted as a street tree and very showy.....	.17½	.45	1.85
JACOBINIA carnea (10) A small, compact plant which is very tropical appearing, having large leaves and distinctive, rose-red flowers borne on long spikes. Excellent for planters and window boxes. Requires partial shade.....		.45

See Page 24 for Our Special Ornamental Package

JASMINUM grandiflorum . Spanish Jasmine (10) Hardy, slender growing, twining vine with deep green foliage and fragrant white flowers. Makes a quick growth and useful for covering fences, etc.....5-gal. Staked—\$1.85	.17½	.45	1.65
Jasminum ligustrifolium (<i>Jasminum rigidum</i>) (10) An Indian jasmine of rare form. It is dissimilar to other jasmines in its erect, almost stiff habit of growth. Leaves are of good size and are leathery. The flowers are fragrant and white.....		.50
Jasminum magnificum (9) Truly a magnificent vine with large, fragrant, white, wind-mill-like flowers. Can be pruned and grown as a shrub. The leaves are large and heavy, making the plant desirable in every way.....	.17½	.45	1.65
Jasminum primulinum (<i>Jasminum mesnyi</i>). Primrose Jasmine (9) Strong growing vine for coast or interior sections. Winter blooming. Rich green stems and leaves and bright, light yellow double flowers. Sometimes allowed to make a large shrub.....	.15	.40	1.85
Jasminum revolutum (<i>J. Humile</i>). Italian Jasmine (8) Semi-climber used either as a shrub or vine. Fragrant, yellow flowers. One of the hardiest jasmines.....	.15	.40	1.85
Jasminum sambac Maid of Orleans (10) A variety of Arabian Jasminum which produces a quantity of blossoms that are double and creamy-white. Exquisite jasminum fragrance3" pot—.40	.25	.75

JUNIPERUS—See Conifer Section, page 19.

KOLKWITZIA amabilis. Beauty Bush (3)

A hardy, deciduous shrub of medium height with arching branches, covered with small, light green leaves and quantities of flowers in spring resembling weigelas—white with pink blush. Showy and refined shrub

2-in. Pot 1-Gal. 5-Gal.

.17½ .40

LAGERSTROEMIA indica Dwarf Lavender (8)

Especially beautiful, light lavender flowers. Much desired as it does not grow too large. Provides a quantity of color in late summer

.17½ .45 1.65

Lagerstroemia indica rosea. Pink Crape Myrtle (8)

Large specimen shrub or small tree; hardy and deciduous. Becomes a mass of crepe-texture, rose pink flowers in summer

.17½ .45 1.65

5-gal. Standards.....\$1.95

Lagerstroemia indica rubra. Red Crape Myrtle (8)

Vigorous, upright growth. Hardy and deciduous. Rose-red flowers

.17½ .45 1.65

5-gal. Standards.....\$1.95

Lagerstroemia indica Watermelon Red (8)

Never surpassed for summer and fall color. Vigorous shrub that becomes a mass of crinkly, bright red flower clusters. Can be grown as a small tree or shrub. Deciduous

.20 .50 1.75

5-gal. Standards—\$2.25

Lagerstroemia indica White (8)

Large, snow white flowers—unusually ruffled and set in dense panicles along the branches. Very showy. Deciduous

.20 .50 1.75

5-gal. Standards.....\$2.25

Lagerstroemia indica William Toovey (8)

One of the finest of all the crape myrtles. Neat, compact habit, producing a solid mass of beautiful deep watermelon red flowers in large heads. Very prolific and spectacular

.20 .50

LAGUNARIA pattersoni (9)

This small, shapely tree with its dark, olive-green foliage produces an abundance of pale pink, fleshy flowers during May and June. Desired as a street tree or for yard planting

.17½ .45

LAGURUS ovatus. Rabbit's Tail Grass (9)

An annual grass grown in planters, because of its attractive form and flowering habit. May be used for contrast in a dry bouquet

.17½ .50

LANTANA callowiana aurea Goldrush (Patent Pending) (9)

Again, we are proud to introduce a new development — Lantana Goldrush — an entirely new species produced from the hybridization of Lantana camara and Lantana sellowiana, retaining only the finer characteristics of each. Many times in the last century horticulturists have attempted to cross these different Lantana species, but were unsuccessful. The possibility of producing a completely new species was considered a rare coincidence. But at last we have it! All who have seen it are amazed and delighted, and believe it to be the finest of all Lantanas. Practically all year countless clusters of the brightest yellow flowers cover the entire plant. The foliage, an attractive deep forest green, makes a most pleasing color contrast with the bright yellow flowers. One of the most outstanding characteristics is its trailing habit of growth, which means it can be used in so many ways, such as ground covers, bank covers, planters, etc. This attractive, prostrate shrub, Goldrush, grows rapidly and requires very little care. Must always be sold with patent tags.

Free flowering, pure white, single.....	.15	.40	1.65
OCHNA multiflora (9)			
Rare and very desirable shrub with long, finely-toothed leaves of a bronzy tint. The dark yellow flowers are followed by a red fruit which is later followed by glossy, black seeds. These black seeds on the red receptacle are really colorful.....	2.50
OLEA manzanilla. Manzanilla Olive (8)			
A round-headed tree with exceptionally handsome and distinctive, gray-green foliage. The leaves are silvery beneath. Not only important as an ornamental but the best fruiting, commercial variety available 5-gal. Bush Type.....	.20	.60	1.95
OLMEDIELLIA betscheleriana (10)			
Evergreen shrub having large, thick, glossy serrated leaves. Very desirable and neat in growth. Excellent for use as large hedges or as a small tree. This plant is new, but well suited to this locality (Southern California)	1.95
OPHIOPOGON japonicus. Lily Turf			
Thus named because of its sod-forming habit. It is a valuable ground cover plant having many underground stolons or runners. The flowers are small but showy. They are light lilac, and borne in loose terminal clusters. The fruit is about the size of a pea and blue in color.....	.17½	.50
OSMANTHUS fragrans. Sweet Olive (9)			
A very choice, evergreen shrub for sun or partial shade. The dense, dark green foliage conceals the tiny, white flowers which perfume the air with their delightful fragrance. Use as a specimen shrub or espalier17½	.50	1.75
Osmanthus ilicifolius variegatus. False Holly (7)			
An evergreen shrub having irregularly spined leaves of leathery texture. The leaves are a dark green, edged with a creamy-white. Blooms late fall through early spring. Very fragrant.....3" pot—.5075	2.50
Osmanthus San Jose Hybrid (8)			
A very attractive, tall evergreen shrub or small tree splendid for background planting. Not only desirable for its fragrant creamy-yellow flowers produced in fall and winter, but for its refined holly-like foliage60
OXERA pulchella (10)			
Recently introduced from New Caledonia, this very desirable shrubby vine will give the garden that much-needed winter color. Its ivory-white trumpet-shaped flowers and luxuriant leathery leaves lend it for use in modern architectural schemes.....75	2.50
PAMPAS GRASS —See Cortaderia.			
PARKINSONIA aculeata. Palo Verde Tree (9)			
A very good, small tree for hot dry places. During early summer it becomes a mass of small, bright yellow flowers.....	.17½	.45
PASSIFLORA edulis. Passionfruit, Purple granadilla (10)			
Fast growing, evergreen vine climbing by tendrils. Flowers about 2 inches across of typical passion flower form, white with blue markings followed by purple, plum shaped fruits. Edible and used mostly in making fruit juices.....	.15	.45	1.85
Passiflora manicata (P. ignea) (10)			
The flowers are the exotic type—scarlet with a blue crown. The leaves are three-lobed. Should be planted in strategic places to take advantage of the long hanging flowers.....	.17½	.50	1.85

	2-in. Pot	1-Gal.	5-Gal.
Passiflora mollissima (10) Important as a fast climbing, colorful vine with interesting pink and purple flowers of intricate design. The leaves have three lobes.....	.15	.45	1.85
Passiflora pfordi (10) The most beautiful passion vine with 4-inch flowers, white with pinkish tints with a purple-blue crown in center. Quick growing, producing excellent light green foliage screen. Sun or shade.....	.17½	.45	1.85
Passiflora princeps (10) This passion vine produces the same intricate flowers, but they are a dark red color sometimes with a white crown. It is a vigorous, fast growing vine and has deep green, leathery, three-lobed leaves.....	.25	.75	1.95
PERNETTYA mucronata (8) Small, evergreen shrub especially adapted to rock gardens. The leaves are small and serrated. Bright red berries are retained on the shrub most of the year.....	.20	.60
PHASEOLUS gigantea . Giant Snail Vine (10) An evergreen vine producing lavender flowers in large clusters. The unusual shape of the flower makes it extremely attractive. Grows easily17½	.45	1.85
PHILADELPHUS virginalis . Mock Orange (4) The finest philadelphus, far superior to other varieties. Large double and semi-double, pure white flowers are abundantly produced all spring and summer. Medium size, refined, deciduous shrub. Sun....	.15	.40	1.65
PHILODENDRON selloum (10) The large, glossy, deeply lobed leaves of this plant mark it as excellent for either indoor planting or shaded patio use. An excellent plant for creating that lush tropical effect. Can withstand lower temperatures than other philodendron.....	1.50	5.00
PHOENIX canariensis . Ornamental Date Palm (8) Forms an immense crown of gracefully curving fronds. Rapid grower. Hardy17½	.45
PHORMIUM tenax . New Zealand Flax (9) Long, stiff, sword-like leaves margined with red and orange lines. Very suitable for tub planting. Will do well in the desert areas.....	.15	.45	1.65
PHOTINIA arbutifolia . California Holly, Toyon (9) A splendid, native, evergreen shrub having green-amber foliage. Produces dense clusters of bright red berries at Christmas time.....	.17½	.60
Photinia serrulata . Chinese Photinia (7) Large, evergreen shrub with 4 to 5 inch long toothed leaves, reddish green when young, becoming darker. Clusters of white flowers followed by bright red berries. Hardy. (See picture, page 51.).....	.17½	.45	1.65
Photinia serrulata nova . Compact Chinese Photinia (7) One of the best, large, evergreen, compact shrubs. Its large, dark green, thick, shining leaves are especially good looking the whole year. During the fall many leaves turn red which enhances the shrub. In the spring it is covered with long heads of white flower clusters.....60	1.75
Standards 5-gal.....\$2.50			
Photinia villosa (5) A good, hardy, Photinia which may be used either as a small tree or shrub. This deciduous plant has foliage of good texture and color during the active growing period. It has very attractive white flowers. Full sun.....	.15	.50
PIERIS japonica (Andromeda). Lily-of-the-Valley Shrub (8) This hardy, evergreen shrub may be used in partial to very dense shade. Flowers are white and grow in graceful clusters up to six inches long. An excellent plant for foundation planting in shaded areas. Requires moist but well drained soil.....75
PINUS —See Conifer Section, page 20.			
PISTACIA chinensis . Chinese Pistachio (7) A very desirable deciduous tree. Will give an abundance of cooling shade in the summer. In the fall and early winter there is no finer plant for intensity of foliage coloring.....	.20	.60	1.95

PHOTINIA SERRULATA (See opposite page)

	2-in. Pot	1-Gal.	5-Gal.
PITTOSPORUM crassifolia (9) A large, evergreen shrub or small tree. Foliage a gray-green and should be pruned to make the plant more compact. Excellent for screens and does well in sandy soils. Unaffected by salt winds.....	.15	.40	1.65
Pittosporum eugenoides . Tarata Pittosporum (9) Large shrub or small tree with light green foliage. This is the best substitute for Eugénias in areas subject to frost.....	.15	.40	1.65
Pittosporum heterophyllum (9) A spreading shrub excellent for bank planting. The foliage is light green. Drought resistant.....	.15	.40
Pittosporum nigricans (P. tenuifolia) (9) Very similar to eugenoides except that the foliage is darker. The stems are dark brown, almost black. Hardy.....	.15	.40	1.65
Pittosporum rhombifolium . Diamondleaf Pittosporum (9) Large shrub or small tree with attractive, light green foliage, white flowers followed by orange berries.....	.15	.40	1.65
Pittosporum tobira (9) Dense growing, evergreen shrub of medium to large size, more spreading than tall. Leaves long and narrow with rounded ends dark shiny green. Fragrant white flowers. Hardy.....	.12	.40	1.65
Pittosporum tobira variegata (9) Similar to the above but dwarfer in habit and foliage a pleasing combination of light green and white variegated leaves.....	.17½	.45	1.75
Pittosporum undulatum . Victorian Box (10) Large shrub or small tree with rich green, pointed leaves with wavy edges; fragrant, creamy-white flowers followed by orange berries. Very desirable for screen and parkway planting.....	.12	.40	1.65

QUANTITY DISCOUNTS

1000 Plants.....	10%
500 Plants.....	5%

These discounts apply if the following requirements are met:

1. All plants must be of one variety.
2. All plants must be of one container size.
3. All plants must be shipped at one time.

PLATANUS racemosus. California Sycamore (7)

Tall growing, exceedingly picturesque with its branches gnarled and twisted, and its large leaves make a pleasing contrast with the irregular mottled white trunk and stems. Deciduous. Very indifferent to soil and moisture.....Bare-rooted, 1 yr. Seedlings—.06

2-in. Pot 1-Gal. 5-Gal.

..... .50

PLEROMA grandiflora (Tibouchina elegans). Princess Flower (10)

Large, evergreen shrub with bronzy green, velvety leaves, and huge, colorful, purple flowers, rich and velvety, about 3 to 4 inches across. Somewhat tender to frost.....

.15 .40 1.65

PLUMBAGO. See also Ceratostigma.

Plumbago capensis. Blue Cape Plumbago (10)

Semi-climbing shrub of most desirable habit either at the sea coast or desert. Its clusters of pink phlox-like, blue flowers provide color all summer. Utmost care is taken in selecting seeds from plants having the deepest blue flowers but variations may appear due to cross pollinization

.15 .40 1.65

Plumbago capensis alba. White Plumbago (10)

Similar in growth to blue plumbago listed above but flowers are white

..... .40

PODOCARPUS—See Conifer Section, page 20.

POINCIANA gilliesii (8)

Shrub or small tree with many, small leaves. Attractive, yellow flowers with long, red stamens.....

.20 .60

POINSETTIA Henrietta Ecke. Double Poinsettia (10)

The finest of the double flowering poinsettias. Produces large heads of brilliant red flowers around Christmas and for a considerable time thereafter. Cut back to 1 foot after flowering. Give full sun and good soil.

..... .45 1.85

POLYGALA dalmaisiana. Sweetpea Shrub (9)

A small to medium size shrub, evergreen with almost continuous flowering habit. Leaves small, light green, like box but pointed, dense and covered with orchid-like purple flowers. Prefers a dry soil. Useful in the foundation planting.....

.15 .40 1.65

POLYGONUM auberti. Silver Lace Vine (5)

Hardy, climbing, twining vine much used on arbors, fences, etc., where the mass of slender stems and light green foliage makes a fine cover and plumes of tiny white to pinkish flowers last for a long time. Full sun. Not particular to soil.....

.17½ .45 1.85

Polygonum reynautria. Fleece-flower (5)

Small herbaceous plants of twining habit. Used for borders or in rock gardens. Though small, the flowers are very showy, because of their profusion. The foliage is also of ornamental value.....

.20 .60

POTENTILLA fruticosa. Gold Drops (6)

This charming, small shrub is compact in growth and has a mass of golden buttercup-like flowers all summer. Its small fern-like leaves are equally beautiful.....

.17½ .50 1.65

PRUNUS caroliniana. Carolina Cherry, Cherry Laurel (8)

Large shrub for background planting or a small tree with dark, glossy, green foliage. Very nice in habit, white flowers followed by small, dark berries.....5-gal. Standards—\$2.50

.15 .40 1.65

Prunus cistena. Dwarf Red Leaf Plum	2-in. Pot	1-Gal.	5-Gal.
Spectacular red-leaved plum that grows to about 6 feet in height. It has the richest red foliage of any of the plum varieties, and produces clusters of white flowers with showy red stamens.....	.20	.60
Prunus integrifolia (P. lyoni). Catalina Cherry (8)			
Large, slow growing shrub or small tree with light green, spiny toothed foliage; white flowers and purple fruits.....45	1.75
Prunus jacquemonti. Jacquemont Cherry (5)			
The branches are filled with single, pink blooms in the spring followed later by sweet, tasty cherries. Height 4-6 feet. Picture, page 53	.17½	.50	1.65
Prunus laurocerasus. English Laurel (7)			
Large shrub with heavy, rich green foliage. Can be sheared into specimen plants or tall hedges. Leaves broad and glossy. Hardy. Will not grow in alkaline soil.....	.17½	.40	1.65
Prunus lusitanica. Portuguese Laurel (7)			
Evergreen shrub much like English laurel but leaves darker green, narrower and toothed. Hardy, compact growing.....	.17½	.45	1.75

PRUNUS JACQUEMONTI (Described above)

PUNICA Chico. Dwarf Carnation Flowered Pomegranate (7)	2-in. Pot	1-Gal.	5-Gal.
One of the finest dwarf shrubs on our list. Deciduous but close growing, round in outline, 1 to 2 feet high. Leaves light green; flowers like bright red carnations in summer.....	.20	.50	1.75
Punica granatum nana. Dwarf Pomegranate (7)			
Dwarf, compact and bushy shrub. Deciduous, slightly taller than Chico, producing single red flowers and abundant fruits of ornamental value only.....	.12	.35

PYRACANTHA ROSEDALE

(Trade Mark Registered)

Never before have we known a shrub to win the heart of the public as completely and quickly as Pyracantha Rosedale. Introduced by us only a few years ago, today it leads all others in sales. Loveliest of them all, Pyracantha Rosedale begins its beauty show in the spring with long, arching sprays of dainty ivory-white flowers that resemble delicate lace. These are highlighted by dark, rich green foliage. In the fall and through winter, the branches are literally laden with large berries of the darkest red of any pyracantha. One of the reasons for the wide preference for this shrub is its many uses. It gracefully lends itself as a specimen for unusual display . . . trained as an espalier against wall or fence or grouped into a brilliant hedge. Add to all these exclusive features the fact that Pyracantha Rosedale possesses a great resistance to disease and birds and you will understand the reasons for its powerful sales appeal. Pyracantha Rosedale is illustrated on the cover of this catalog. It must always be sold with Trade Mark tags attached.

LIGUSTRUM TEXANUM (See page 46)

AUCUBA JAPONICA VARIEGATA (See page 24)

Rhus integrifolia. Lemonade Berry (9)	2-in. Pot	1-Gal.	5-Gal.
Attractive slate-green leathery leaves on spreading shrub or small tree. It bears orange berries that will make a passable lemon-flavored drink17½	.50
RHYNCHOSPERMUM jasminoides (Trachelospermum jasminoides). Star Jasmine (9)			
Strong growing vine with deep green leathery foliage. Thrives equally well in sun or shade. Its very fragrant star shaped flowers appear in spring and early summer.....	.17½	.45	1.65
1-gal. Staked.....\$.50	5-gal. Staked.....\$1.85		
Rhynchospermum fragrans (Trachelospermum fragrans) (10)			
Very tropical looking evergreen vine—the leaves are large and elliptical—the flowers are white and fragrant.....	.25	1.00
RONDELETIA cordata. Jungle Queen (10)			
Dense growing shrub. Flowers waxy pink, so perfect they resemble artificial flowers. Leaves thick, shiny green and leathery, medium in size. A most attractive foliage all year around.....	.17½	.45
ROSA Mermaid. Mermaid Rose			
A charming, old fashioned, single rose, is excellent for growing on fences or as a ground cover. Blooms prolifically throughout the summer having large, fragrant, mellow, sunrise yellow flowers.....60	2.00

	2-in. Pot	1-Gal.	5-Gal.
ROSMARINUS officinalis. Rosemary (8) Medium to tall evergreen shrub with aromatic foliage. Often listed in the culinary herbs. Leaves narrow, deep green with white undersides and light lavender to white flowers.....	.15	.40
Rosmarinus officinalis prostratus. Prostrate Rosemary (8) An attractive, low growing, grey-foliaged plant. Having all of the best features of the species; but being prostrate, serves well for that needed contrast in ground covers.....	.15	.40
SALIX purpurea nana (Dwarf). Blue-green Willow (3) A charming low-growing willow greatly used for edgings. Easy to grow and will withstand the lowest temperatures in this country. The foliage is a blue-green. Can be pruned for formal effects or left natural.....	.17½	.50
SALVIA pitcheri. Blue Salvia (7) Hardy Perennial growing 2 to 2½ feet high with greyish green foliage and showy deep blue flowers. Very showy and useful for cutting.....	.15	.45
SARCOCOCCA ruscifolia (7) It has small, white bloom, dark handsome finish of its waxy leaves, dense habit of growth, and due to the fact that it will thrive in deepest shade, it has long been a favorite for the shaded garden. It's low and hardy—2 to 2½ feet.....60	1.95
SAXIFRAGA rubicunda (Bergenia cordifolia) (9) A small perennial evergreen plant for shade, having attractive dark green glossy leaves. Clusters of pink-orchid flowers appear in winter and early spring.....	.17½	.45
SCHEFFLERA actinophylla (10) This member of the very useful Aralia family may be used for indoor planting while young, because of its pendulous, glossy, green foliage. For patio use, this plant will become a lovely small evergreen tree with graceful habit of growth.....60	2.50

See Page 24 for Our
Special Ornamental Package

SCHINUS molle. California Pepper Tree (9) Medium to large round headed hardy tree. Graceful weeping branches and feathery foliage. Insignificant flowers followed by tiny bright red or coral colored berries.....	.15	.40	1.85
Schinus terebinthifolia. Brazilian Pepper Tree (9) Medium size tree. Leaves larger and darker green; berries red. A more refined tree than molle and should be more widely planted.....	.15	.40	1.85
SEQUOIA —See Conifer Section, page 20.			
SERISSA foetida variegatus (8) A small shrub with very desirable, compact variegated foliage. Refined for planting when space is restricted. Excellent for dish gardens.....	.15	.40
SOLANDRA guttata. Cup of Gold (10) A strong evergreen vine with huge yellow flowers striped with purple. The large glossy green leaves give the plant a tropical appearance3" pot—30	.20	.50	1.85
SOLANUM jasminoides. Potato Vine (9) This fast growing vine which blooms most of the year produces quantities of white flowers that are tinted with a sky blue color. Grows vigorously and prefers sun.....	.15	.45
Solanum macrantherum (9) Woody climber having beautiful violet shade blooms in clusters, followed by red berries.....	.20	.60	...

LEUCOPHYLLUM FRUTESCENS TEXANUM (See page 46)

Solanum rantonetti Improved. New Blue Solanum (10) Medium to large free blooming evergreen shrub or vine. Flowers are interesting cart-wheel pattern, an inch across in deep blue with bright orange hub.....5-gal. Standards—\$1.95	2-in. Pot .15	1-Gal. .40	5-Gal. 1.65
SOLLYA heterophylla. Australian Blue-Bell (9) Trailing shrub or creeping vine useful as a ground cover, as a low shrub or even as a low hedge. Foliage small, dark green leaved and small blue bell shaped flowers.....	.17½	.45	1.65
SOPHORA secundiflora. Texas Mountain Laurel (9) Evergreen shrub or small tree that bears violet-blue flowers during February to April. Flowers have a violet fragrance. The silvery-gray pods open to show the red seeds late in the fall.....60
SPARMANNIA africana (9) White hairy tree or shrub of Africa with alternately toothed or lobed leaves, having white flowers with yellow stamens. Moderate temperature, plenty of light and air.....60
SPARTIUM junceum. Yellow Spanish Broom (7) Many bright green slender branchlets almost devoid of leaves. Produces yellow flowers most of the year. Thrives on the desert or at the seashore15	.40	1.65
SPIRAEA Anthony Waterer. Dwarf Pink Spiraea (4) Dwarf deciduous shrub about 2 feet tall, with compact growth and flat heads of rosy-pink flowers. Full sun.....	.15	.40	1.65

	2-in. Pot	1-Gal.	5-Gal.
Spiraea prunifolia. Shoe Button Spiraea (4) A comparatively small shrub, seldom growing more than 4 to 5 feet. It is of spreading, upright growth with graceful branches which are wreathed in early spring with double white flowers along the stems. Deciduous15	.40	1.65
Spiraea reevesiana (S. ctoniensis). Double Bridal Wreath (4) Deciduous shrub to 5 feet with arching branches covered with a profusion of clusters of double white flowers in spring. Hardy.....	.15	.40	1.65
Spiraea van houttei (4) All over the country in spring, blooming spiraea is widely planted and relished for the festoons of tiny white single flowers that clothe the arching branches in spring. Hardy.....	.15	.40	1.65
STENOCARPUS sinuatus. Firewheel Tree (10) Native to Australia, but grown outdoors in Southern California. Having bright red flowers hanging in heavy umbels.....	2.50
STEPHANOTIS floribunda (10) A twining vine with leathery shiny leaves and pure white fragrant waxy flowers.....3" pot—.40			
STERCULIA diversifolia (Brachychiton populneum). Bottle Tree (8) A dense, erect, conical tree to medium height. The leaves will vary in shape. The trunk is smooth and swollen at the base—similar to a bottle. Excellent tree for arid regions.....45	1.85
STIGMAPHYLLON ciliatum. Yellow Orchid-vine Bright yellow flowers of crepe-like texture produced in clusters. Very attractive. An evergreen vine that needs protection from hot and dry winds45	1.85
STRELITZIA nicolai. Bird of Paradise (10) The flowers of this plant are of such exotic form and coloring as to suggest the head of a cockatoo. Has white flowers with blue tongues and flowers freely without special care. The foliage is similar to a banana, but more leathery and withstands wind and weather well.....	1.00
Strelitzia reginae. Bird of Paradise (10) The flowers have realistic bird-like heads in orange, blue, and purple, that bloom during the fall and winter. Large banana-like leaves, leathery and tropical looking.....	1.00	2.50
SYRINGA persica Hathaway (4) An attractive lilac having long dense clusters of fragrant lavender flowers in early spring. This originated at the Hathaway Nurseries, Visalia, California17½	.50	1.75
Syringa persica laciniata. Cutleaf Persian Lilac (7) The most reliable lilac for planting in southern California. Deciduous shrub to 6 feet with finely cut light green leaves and long sprays of bright lavender lilac flowers in spring. Fragrant.....	.15	.40	1.65

-----	-----	------

THUNBERGIA gibsoni (10)

This vine is outstanding for its abundant and effective rich orange flowers. Grows fast and blooms most of the summer.....

.....	.50
-------	-----	-------

See Page 14
Special Camellia Package

ILEX CORNUTA BURFORDI (See page 43)

Thunbergia grandiflora. Blue Sky Vine (10)	2-in. Pot	1-Gal.	5-Gal.
Twining evergreen vine making a lush rapid green cover with large sky-blue trumpets with white throats. Flowers in large clusters are quite showy. For sheltered locations. Sun.....	.17½	.50	1.85
THUJA —See Conifer Section, pages 20-21.			
TRACHELOSPERMUM —See Rhynchospermum.			
TRISTANIA conferta. Brisbane Box (9)			
A shrub or tree which grows quite large, having groups of small white flowers borne in the axil of the leaves.....	.17½	.50
TURRAEA obtusifolia. Star Bush (10)			
A refined low growing shrub with small neat foliage. The white flowers are star-shaped and are in bloom almost continuously.....	.17½	.50	1.75
ULEX europaeus (8)			
This is a shrub of very spiny foliage, often scale-like. Good for ground cover or ornament, having fragrant yellow flowers which are borne the year around in warm climates.....	.15	.45
ULMUS parvifolia sempervirens. Evergreen Elm (9)			
A fine small tree for lawn planting. Makes a flattened spreading rounded head with gracefully arching branches and small deep green leaves. Evergreen17½	.50	1.85

VIBURNUM TINUS ROBUSTUM (See opposite page)

Ulmus parvifolia sempervirens Drake (9)	2-in. Pot	1-Gal.	5-Gal.
The rich, lacy foliage, the slender, classically shaped trunk, and gracefully sweeping branches of this evergreen tree, make it a winner in shade tree competition. It grows rapidly to just the desirable size for plenty of shade and is suitable for either front or back yard planting. It grows more upright than the well-known Evergreen Elm described on page 61. A quick seller from appearances, its performance will make new friends for your nursery.....	.20	.60
VERONICA andersoni (Hebe andersoni) (9)			
Compact evergreen shrub with smooth, light green leaves and pointed spikes of lavender blue flowers. Almost everblooming.....	.15	.40	1.65
Veronica buxifolia (Hebe buxifolia) (8)			
A fine leaved shrub for low specimens or hedge plantings. The thick leaves are arranged extremely regular on the stems.....	.15	.40	1.65
Veronica imperialis (Hebe speciosa) (9)			
Thick rounded leaves with purple veins. Flowers in pointed spikes, deep wine red. Veronicas are excellent ever-green shrub for planting in coastal areas even in exposed places.....	.15	.40
VIBURNUM burkwoodi (5)			
In early spring this handsome shrub bears a large 3-inch head of waxy, white, pink-flushed flower clusters. It has a sweet, gardenia-like fragrance. Throughout the summer it has exceedingly beautiful, shiny foliage; it turns a bright color in the fall. Becomes 5 or 6 feet across when fully developed. Vigorous grower—partial shade.....60	1.85

Special Package Offers

CAMELLIAS – PAGE 14
